

# TEAMWORKER **X** HARD WORKER

Engineered to get those really big jobs done, our Pioneer range can carry between 2 to 4 people – perfect for those times when you need an extra pair of hands on the job (or three extra pairs of hands for that matter). Plus, both Pioneer models have an impressive 680kg tow capacity and are fitted with a 386kg capacity tilt bed with a hydraulic-assist strut, helping to make light work of heavy lifting.

THE **ALL NEW** HONDA  
**PIONEER**  
**SIDE X SIDE**

# POWER X VERSATILITY

INTRODUCING THE NEW HONDA **PIONEER** SIDE x SIDE

Built to tackle the toughest jobs and cover the most demanding terrains – our new Pioneer models draw upon all of our experience and expertise in designing class-leading ATV's. Powerful and incredibly versatile our Pioneer's are the ultimate SxS utility vehicles, allowing you to haul more, go further and get more done whilst offering all of the clever innovation, comfort, fuel-efficiency and superior build quality you would expect from a Honda.

## INNOVATION X FEATURES

There are two versatile Pioneer Side x Side models to choose from. Our 700-2 model has room for two people and is perfect for anyone whose workday takes them off the beaten path. Our 700-4 model gives the added ability to carry up to three passengers, thanks to our innovative, and industry-exclusive QuickFlip® seating system.

### Key Specifications

**Engine:** 675cc liquid-cooled OHV single-cylinder

**Front Suspension:** Independent double-wishbone, with 201mm travel

**Rear Suspension:** Independent double-wishbone, with 231mm travel

**Ground Clearance:** 266.7mm

**Towing Capacity:** 680kg

**Cargo Bed Capacity:** 386kg

### Key Features

**675cc liquid-cooled engine.** Rubber-mounted for less cabin vibration and fuel-injected for all-weather starts.

**Three-speed auto transmissions** provides true engine braking across demanding terrain.

**Fully-Independent front/rear suspension** ensuring superior handling, smooth riding and all-day comfort.

**Differential Lock.** Simply push a lever to get power to both front wheels and maximise the available traction.

**Tilt bed.** Unload the cargo bed with ease, even with just one person, thanks to it's smart hydraulic assist strut.

Room for two, three or four

### QuickFlip® Seating

Nothing illustrates the sheer versatility of our 700-4 model better than it's innovative QuickFlip® seating system.

The rear seats fold flat into the cargo bed independently, and pop-up in an instant whenever you need them, allowing you to switch with ease between carrying one passenger and a full bed of cargo, to two or three passengers, depending on the task at hand.

Complete with a durable covering, our QuickFlip® seats are designed to withstand the elements and the frequent entry and exit of passengers.
