# No Cord. No Limits.

Our new garden tools are robust, powerful and beautifully engineered. Yet they're also amazingly lightweight, quiet and easy to handle, offering greater control and reduced fatigue. With a common, interchangeable Li-ion 56v DC battery offering long runtimes and quick, efficient charging, the Honda cordless range has everything needed for safe, productive and enjoyable gardening.

## Plug & Play

Just attach the battery and you're away. No mains cord to get tangled, cut, frayed, tripped over or unplugged accidentally; no extension leads or circuit breakers required.

**CORDLESS**  
**LAWN TRIMMER**

Convenient, highly efficient and lightweight.

## Cordless Hedgetrimmer

The hedgetrimmer has laser cut steel blades that give smooth, precise operation with a super sharp edge. It's dual action too, which means you can cut back and forth comfortably. The diamond-ground blades don't just ensure clean, accurate cutting, they tackle dense and rough hedges with ease, helping to cultivate healthy regrowth.

## Cordless Leaf blower

Quiet, lightweight and compact, the powerful turbine fan creates a 148km/h (41m/s) airstream, perfect for clearing lawns, paths, patios and driveways, or tidying up after hedgetrimming. It blasts huge air volumes that help shift even wet and heavy debris. Not only that, but it can run for up to 31 minutes with a 4.0 Ah battery, meaning you'll make quick and easy work of big jobs.

## Cordless Lawn trimmer

The lightweight lawn trimmer offers safe, precise cutting that's suitable for lawn edges and cutting around garden obstacles, as well as clearing long grass and dense foliage. Its balanced weight ensures it's effortless and safe to use, and the Tap and Go head even feeds the nylon thread during use – so you can concentrate on uninterrupted trimming. The lawn trimmer also has a variable speed control, meaning you can easily adjust the power of the trimmer to suit the conditions – from light edging to dense, long grass.

# ONE BATTERY, MULTIPLE APPLICATIONS

## Making gardening simple

The Honda Cordless Range is powered by a choice of two lithium ion batteries (2.0 Ah or 4.0 Ah). Both feature archshaped designs, providing larger surface areas for better cooling, faster charging, higher output and longer lifespans. They bring our powerful, durable, and reliable garden equipment to life.

## Lighter

A lightweight battery replaces an engine, its protective casing and fuel tank, making gardening less tiring and more enjoyable.

## Quieter

Honda's petrol engines are renowned for being some of the quietest around. But our battery tools go even further to leave the peace and quiet intact.

## Cleaner

Because the range is battery powered, the garden's natural scents and perfumes can be enjoyed to the full.

## Easier

With a battery, this range won't need as much maintenance as an engine, and so gardeners can just switch on and get going.
