How to Enter Information
You can enter information (e.g., town names, street names, numbers, and symbols) when prompted on the input screen.

Using Voice Commands*1
When you see \(\text{语音命令}\) in this manual, voice commands are available for that feature.
The system recognises only certain commands.
Available navigation commands (P.134)
- Press the \(\text{语音命令}\) button, and say the letter, number, or symbol (e.g., say “1”).
- If a voice command is not recognised, a list is displayed with possible options.

On list screens:
- Say the number of the list item (e.g., say “Three” to select item 3).
- Say “Main menu” to return to the voice command menu screen.
- Say “Back” to return to the previous screen.
- Say “Page Up” to scroll up one page.
- Say “Page Down” to scroll down one page.
- Say “Exit” to end the voice command function.

*1: Voice Commands can be used in UK English, German, Italian, French, and Spanish.

Using the Touchscreen
Select a character or icon on the screen to select it.
- Select \(\text{删除}\) to remove the last entered character.
- Select \(\text{全部删除}\) to remove all entered characters.
- Select \(\text{切换大小写}\) to display upper/lower case characters.
- Select \(\text{输入字符}\) to enter a space character.
- Select \(\text{其他字符}\) to display other types of characters.
- Select \(\text{更改键盘语言}\) to change the keypad language.

On input search screens, the suggested search terms are displayed. Select \(\text{搜索建议}\) to display a list of possible entries.
Map Screen Legend
The colour of the map is different depending on the selected Map Theme.

Voice Control Operation*1

Voice Portal Screen

1 Press and release the [Talk] button.
The system prompts you to say a voice command. Press and release the [Talk] button again to bypass this prompt.

- The system beeps when ready for a command. Press the [Hang-Up/Back] button or the [Back] icon to cancel.

The Voice Command screen is displayed.
After that follow the voice prompt and say a voice command.

- The audio system is muted during voice control mode.
- You can use other voice commands on the Voice Portal screen.
- Set Voice Prompts to Off to bypass the voice prompt. See the Owner's Manual.
- Carefully read the usage note for the voice control.

Voice Command Screen

1 After saying [Talk] “Navigation” from the Voice Portal screen, the below screen appears.

2 Listen for the voice prompt, then say a voice command.

- You do not need to press the [Talk] button again in the Navigation screen.
- Available voice commands are highlighted on the screen.

*1: Voice Commands can be used in UK English, German, Italian, French, and Spanish.
Troubleshooting

Q Why does the vehicle position icon on the map appear slightly off my actual position, especially at junctions?
A This is normal. The navigation system is unaware of the width of junctions. Large differences in vehicle position can indicate a temporary loss of the GPS signal.

Q Why does the “Arrival time” display sometimes increase even though I am getting closer to my destination?
A The “Arrival time” is based on the speed limit on each road. Depending on the traffic conditions, the “Arrival time” may be calculated to be earlier or later.

Q Why does my clock frequently change the time forward and backward by one hour?
A The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update likely is the reason.

Q How do I turn on the navigation system voice guidance?
A 1. Press the (Map) icon and then press the (Back) icon. Select Settings > Navigation and enable Voice Prompts.
2. Press the (Home) icon. Select Settings > System > Sound/Beep tab. Turn up Guidance Volume, if guidance volume is low. For more details, see the Owner’s Manual.

Q How do I specify a destination when an entered town or street could not be found?
A Try selecting the destination directly from the map.
How to Use This Manual
This section explains different methods on how you can easily find information in this manual.

**Searching the Table of Contents**  
(P1)

Two types of Tables of Contents help you find your desired information.

First, find the general chapter related to what you are looking for (e.g., entering a destination from the Favourites). Then, go to that chapter to view a more specific table of contents.

**Searching the Index**  
(P137)

Menu items displayed on the navigation screen (e.g., Favourites) can be found individually in the Index.

The Index consists of main terms and sub-entries. The sub-entries help you get to the desired page depending on what you are looking for.
Select the item on the system control panel.

Menu Tree

The menu tree helps guide you through the system’s menu options. To get to your desired function, follow the menu tree in order of the steps shown.

Select the menu option.
Select Favourites.
System Setup

This section describes the start-up procedure and the navigation and setup functions.
Start-up

The navigation system starts automatically when you set the ignition switch*1 to ACCESSORY or ON. At start-up, the following confirmation screen is displayed.

1. Select OK.
   - The HOME screen is displayed.
   - If you do not select OK within 30 seconds, a black screen or clock will be displayed. Touch the screen to display the message again.
   - The system will automatically start up the feature that was used the last time.

2. Press the (Map) icon.
   - The map screen is displayed.
   - When you want to display the navigation top screen, you press the (Back) icon.

Limitations for Manual Operation

Certain manual functions are disabled or inoperable while the vehicle is in motion. You cannot select a grayed-out option until the vehicle is stopped.

Voice commands*2 are still operable while the vehicle is in motion.

*1: Models with the keyless access system have an ENGINE START/STOP button instead of an ignition switch.

*2: Voice Commands can be used in UK English, German, Italian, French, and Spanish.
Voice Control System*1

Your vehicle has a voice control system that allows hands-free operation of the navigation system functions. The voice control system uses the (Talk) and (Hang-Up/Back) buttons on the steering wheel and a microphone near the map lights on the ceiling. For details of the (Talk) button, (Hang-Up/Back) button and microphone position, see the Owner’s Manual.

Voice Recognition

To achieve optimum voice recognition when using the navigation voice control system:
- Make sure the correct screen is displayed for the voice command that you are using.
  The system recognises only certain commands.
- Available navigation voice commands.
  Voice Commands P. 133
- Close the windows and panoramic roof*.
- Adjust the dashboard and side vents so air does not blow onto the microphone on the ceiling.
- Speak in a clear, natural speaking voice without pausing between words.
- Reduce any background noise if possible. The system may misinterpret your command if more than one person is speaking at the same time.

*1: Voice Commands can be used in UK English, German, Italian, French, and Spanish.

* Not available on all models

Setting Up the Vehicle Profile

The first time you use the ecoRoute™ features, you must enter vehicle information.

1. Select Yes.

2. Select a fuel type.
3. Select Next.

4. Enter your estimated city fuel economy.
5. Select Next.
6. Enter your estimated motorway fuel economy.
7. Select Next.

8. Enter the fuel price.
9. Select Next.
   The confirmation message will appear.
10. Select OK.
Viewing the Vehicle Profile

Select Vehicle Profile.

If you want to reset the Vehicle Profile, select Reset.
Calibrating the Fuel Economy

You can calibrate the fuel economy to receive more accurate fuel reports for your specific vehicle and driving habits. You should calibrate when you fill up your fuel tank.

1. Enter the current fuel price.
2. Enter the amount of fuel the vehicle has used since the last time the fuel tank was filled.
3. Enter the distance you have travelled since the last time the fuel tank was filled.
4. Select Next. The system calculates the average vehicle fuel economy.
5. Select Save.
Viewing the ecoChallenge Scores

The ecoChallenge feature helps you maximise fuel economy by scoring your driving habits. The higher your ecoChallenge scores, the more fuel you have saved. The ecoChallenge collects data and calculates a score whenever the vehicle is moving.

The following information is displayed:

- **Current**: Displays the score for your current driving activity.
- **Overall**: Displays an average of the speed, acceleration, and braking score.
- **Speed**: Displays your score for driving your vehicle at the optimal speed for conserving fuel (72–96 km/h (45–60 mph) for most vehicles).
- **Acceleration**: Displays your score for smooth and gradual acceleration. You lose points for rapid acceleration.
- **Braking**: Displays your score for smooth and gradual braking. You lose points for hard braking.

If you want to reset the ecoChallenge scores, select \[ MENU \] or \[ \] and then select **Reset**.
Viewing Fuel Economy Information

You can view your fuel consumption, your total fuel cost, and your average fuel economy.

Select a section of the graph to zoom in.

Viewing a Mileage Report

You can view saved mileage reports on the system. Select a report. Display the Mileage Report.

Mileage Reports
Mileage reports provide the distance, the time, the average fuel economy, and the fuel cost of navigating to a destination. A mileage report is created for every route that you drive. If you stop a route on the system, a mileage report is created for the distance you travelled.
Information Functions

Help

Select a help topic you want to display.

Searching Help Topics

1. Enter a keyword. Select Done.
2. Select a help topic you want to display.

You can also display the help topic to select on each menu screen.
Where I've Been

Before you can use this feature, you must enable the travel history feature. You can view your previous routes and places you have stopped on the map.

If you want to delete the recorded information, select MENU or \( \) and then select Clear Travel History.
If you select \( \), you can select the day to display the travel history.
Calculator

Enter a numeric value to calculate.
Unit Converter

1. If necessary, select a measurement category (e.g., Distance).
   - Select a measurement category from the list. Select Save.
2. If necessary, select a unit of measurement (e.g., km).
   - Select a unit of measurement from the list. Select Save.
3. Enter a numeric value to convert (e.g., 1000). Select Done.
GPS Information

The GPS info screen displays the satellites' status.

Select and hold \( \text{[ill]} \). A solid bar indicates that the GPS satellite is ready for use.

System Limitations

GPS

The signals received from GPS satellites are extremely weak (less than a millionth of the strength of a local FM station) and require an unobstructed view of the sky. GPS antenna is located in the dashboard. The signal reception can easily be interrupted or interfered with by the following:

- Metallic window tint on the front or side windows
- Mobile phones, PDAs, or other electronic devices docked in a cradle or lying loose on the dashboard
- Remote starters or “hidden” vehicle tracking systems mounted near the navigation unit
- Audio electronic devices mounted near the navigation unit
- Trees, tall buildings, motorway overpasses, tunnels, or overhead electrical power wires

GPS is operated by the U.S. Department of Defense. For security reasons, there are certain inaccuracies built into GPS for which the navigation system must constantly compensate. This can cause occasional positioning errors of up to several hundred feet (meters).

Address Calculation

The destination icon shows only the approximate location of a destination address. This occurs if the number of possible addresses is different from the number of actual addresses on a block. For example, the address 1425 on a 1400 block with 100 possible addresses (because it is followed by the 1500 block) will be shown a quarter of the way down the block by the system. If there are only 25 actual addresses on the block, the actual location of address 1425 would be at the end of the block.

Database

The digitized map database reflects conditions as they existed at various points in time before production. Accordingly, your database may contain inaccurate or incomplete data or information due to the passage of time, road construction, changing conditions, or other causes.

For example, some places/landmarks may be missing when you search the database because the name was misspelled, the place was improperly categorized, or a place/landmark is not yet in the database. This is also true for police stations, hospitals, and other public institutions. Do not rely on the navigation system if you need law enforcement or hospital services. Always check with local information sources.
The database does not include, analyze, process, consider, or reflect any of the following categories of information:

- Neighborhood quality or safety
- Population density
- Availability or proximity of law enforcement
- Emergency, rescue, medical, or other assistance
- Construction work, zones, or hazards
- Road and lane closures
- Legal restrictions (such as vehicular type, weight, load, height, and speed restrictions)
- Road slope or grade
- Bridge height, width, weight, or other limits
- Traffic facilities safety
- Special events
- Pavement characteristics or conditions

Every effort has been made to verify that the database is accurate. The number of inaccuracies you experience increases the longer you go without obtaining an updated map database.

**Obtaining a Navigation Update** P. 128

We assume no liability for any incident that may result from an error in the program, or from changed conditions not noted above.
Resolving Problems
If you run into a specific issue that you cannot resolve, consult the following help resources:
- For navigation system issues: Troubleshooting P. 120
  Or, please contact your dealer.
- For traffic-related issues: Traffic P. 121
- For reporting issues with the database or places/landmarks:
  Visit https://my.garmin.com/mapErrors/report.faces

Obtaining a Navigation Update
Honda is continuously updating the navigation system and new software is usually made available on an annual basis. For information on navigation updates for your vehicle, please contact your authorized Honda dealer for further information regarding the update program available for your vehicle.

Honda Automobile Customer Service Contact Information
Please contact your dealer.

Visiting Your Dealer
If you have a question that you cannot resolve using the available help resources, you can consult your dealer. Please identify the specific issue (e.g., error occurs when you enter a specific address, when driving on a certain road, or just when it’s cold) so that the service advisor can refer the issue to the factory so that a solution can be found. Be patient, the service advisor may be unfamiliar with your specific issue.

Map Coverage
The navigation system provides map coverage for the Albania, Andorra, Austria, Azores Islands, Balearic Islands, Belarus, Belgium, Bosnia/Herzegovina, Bulgaria, Canary Island (Gran Canaria/Tenerife), Channel Islands, Ceuta, Croatia, Cyprus, Czech, Denmark, Estonia, Finland, France, French Guiana, Germany, Gibraltar, Greece, Guadeloupe, Hungary, Iceland, Ireland, Isle of Man, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Macedonia, Madeira, Malta, Martinique, Moldova, Monaco, Netherlands, Norway, Poland, Portugal, Reunion, Romania, Saint Barthelme, San Marino, Serbia/Montenegro/Kosovo, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, UK and Ukraine.

Traffic Information
Continuously updated traffic information is available in major metropolitan areas.

If you do not agree to the terms of this agreement, you are not permitted to install, copy, use, resell or transfer the Data. If you wish to reject the terms of this agreement, and have not installed, copied, or used the Data, you must contact your retailer or HERE North America, LLC (as defined below) within thirty (30) days of purchase for a refund of your purchase price. To contact HERE, please visit www.here.com.

The Data is provided for your personal, internal use only and may not be resold. It is protected by copyright, and is subject to the following terms (this "End User License Agreement") and conditions which are agreed to by you, on the one hand, and HERE and its licensors (including their licensors and suppliers) on the other hand. For purposes of these terms, "HERE" shall mean (a) HERE North America, LLC with respect to Data for the Americas and/or the Asia Pacific region and (b) HERE Europe B.V. for Data for Europe, the Middle East and/or Africa.

The Data includes certain information and related content provided under license to HERE from third parties and is subject to the applicable supplier terms and copyright notices set forth at the following URL: http://corporate.navteq.com/supplier_terms.html.

TERMS AND CONDITIONS

License Limitations on Use: You agree that your license to use this Data is limited to and conditioned on use for solely personal, noncommercial purposes, and not for service bureau, timesharing or other similar purposes. Except as otherwise set forth herein, you agree not to otherwise reproduce, copy, modify, decompile, disassemble or reverse engineer any portion of this Data, and may not transfer or distribute it in any form, for any purpose, except to the extent permitted by mandatory laws.

License Limitations on Transfer: Your limited license does not allow transfer or resale of the Data, except on the condition that you may transfer the Data and all accompanying materials on a permanent basis if: (a) you retain no copies of the Data; (b) the recipient agrees to the terms of this End User License Agreement; and (c) you transfer the Data in the exact same form as you purchased it by physically transferring the original media (e.g., the CD-ROM or DVD you purchased), all original packaging, all Manuals and other documentation. Specifically, Multidisc sets may only be transferred or sold as a complete set as provided to you and not as a subset thereof.

Additional License Limitations: Except where you have been specifically licensed to do so by HERE in a separate written agreement, and without limiting the preceding paragraph, your license is conditioned on use of the Data as prescribed in this agreement, and you may not (a) use this Data with any products, systems, or applications installed or otherwise connected to or in communication with vehicles capable of vehicle navigation, positioning, dispatch,
real time route guidance, fleet management or similar applications; or (b) with, or in communication with, including without limitation, cellular phones, palmtop and handheld computers, pagers, and personal digital assistants or PDAs.

Warning: This Data may contain inaccurate or incomplete information due to the passage of time, changing circumstances, sources used and the nature of collecting comprehensive geographic Data, any of which may lead to incorrect results.

No Warranty: This Data is provided to you “as is”, and you agree to use it at your own risk. HERE and its licensors (and their licensors and suppliers) make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, fitness for a particular purpose, usefulness, use or results to be obtained from this Data, or that the Data or server will be uninterrupted or error free.

Disclaimer of Warranty: HERE AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

Disclaimer of Liability: HERE AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) SHALL NOT BE LIABLE TO YOU IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THIS DATA; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF OR INABILITY TO USE THIS DATA, ANY DEFECT IN THIS DATA, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY, EVEN IF HERE OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

Export Control: You agree not to export from anywhere any part of the Data or any direct product thereof except in compliance with, and with all licenses and approvals required under, applicable export laws, rules and regulations, including but not limited to the laws, rules and regulations administered by the Office of Foreign Assets Control of the U.S. Department of Commerce and the Bureau of Industry and Security of the U.S. Department of Commerce. To the extent that any such export laws, rules or regulations prohibit HERE from complying with any of its obligations hereunder to deliver or distribute Data, such failure shall be excused and shall not constitute a breach of this Agreement.
Entire Agreement: These terms and conditions constitute the entire agreement between HERE (and its licensors, including their licensors and suppliers) and you pertaining to the subject matter hereof, and supersedes in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

Severability: You and HERE agree that if any portion of this agreement is found illegal or unenforceable, that portion shall be severed and the remainder of the Agreement shall be given full force and effect.

Governing Law: The above terms and conditions shall be governed by the laws of the State of Illinois (for Data for the Americas and/or the Asia Pacific region) or The Netherlands (for Data for Europe, the Middle East and Africa), without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. For any and all disputes, claims and actions arising from or in connection with the Data ("Claims"), you agree to submit to the personal jurisdiction of (a) the State of Illinois for Claims related to Data for the Americas and/or the Asia Pacific region provided to you hereunder, and (b) The Netherlands for Data for Europe, the Middle East and/or Africa provided to you hereunder.

Government End Users: If the Data is being acquired by or on behalf of the United States government or any other entity seeking or applying rights similar to those customarily claimed by the United States government, this Data is a "commercial item" as that term is defined at 48 C.F.R. ("FAR") 2.101, is licensed in accordance with this End User License Agreement, and each copy of Data delivered or otherwise furnished shall be marked and embedded as appropriate with the following "Notice of Use", and be treated in accordance with such Notice:
