Accessories Precautions
The GPS antenna is located in the dashboard. Metallic front or side window tinting can seriously degrade or obstruct GPS reception. Signal noise from devices such as radar detectors, vehicle tracking devices, remote starters, and additional amplifiers can disrupt the navigation system. If you install any such item, install it away from the navigation display and antenna.

Important Safety Information

**WARNING**

Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed.

Only operate system controls when the conditions permit you to safely do so.

Avoid focusing on the screen or manually operating the system controls while driving.
Certain on-screen controls are disabled when driving. Pull to the side of the road if you need to devote more attention and time to look at the screen or access additional menus.
Route guidance may conflict with street closures, road construction, detours, and out-of-date map data.
The system itself may also have limitations. Verify route information by carefully observing roads, signs, and signals. Always use your own judgment and obey traffic laws.

**System Limitations** P. 125

**NOTICE**

Clean the screen with a soft, damp cloth. You may use a mild cleaner intended for use on navigation screens.

Overview—Functions at a Glance

**Navigation**
You can select any place/landmark as a destination by using the touch screen. The navigation system gives you turn-by-turn driving directions to your destination.

- **Store home address** [P.18]
  Register 1 home address.

- **Store contacts** [P.20]
  Store locations to use as the destination.

- **Enter destination** [P.56]
  Select your destination using 9 methods.

- **Select route** [P.73]
  Set route preferences and select one of different routes.

- **Track route** [P.75]
  Follow your route in real-time with voice guidance.

- **Traffic Information** [P.84]
  View and avoid congestion and traffic incidents.
  *: Available only in certain areas.

- **Avoid certain areas** [P.39]
  Set streets and areas to detour around.

- **Add waypoints** [P.88]
  Add “pit stops” along your route.
HOME Screen
The system displays various functions from the HOME screen. Select HOME at any time to return to the main HOME screen.

- **(Power)**
  Select and hold the button for about ten seconds to reboot the system.

- **HOME**
  Display the HOME screen.

- **VOL (Volume)**
  Increase or decrease audio volume.

- **MENU**
  Display the menu screen of each function (this is not used in the navigation app).

- **BACK**
  Go back to the previous screen.

- **(Display Mode)**
  Switch between Day and Night mode manually.

App/Widget List
Display the App/Widget List. You can also display the navigation menu screen to select from the App/Widget List.

Navigation Menu Screen
Display the map screen and operate the navigation features.

- **GPS signal strength**
  Display the satellites status.

- **Where To?**
  Select search methods to enter a destination for route guidance.

- **Apps**
  Display the useful functions incorporated into the navigation system.

- **View Map**
  Display the map screen.

- **Settings**
  Change settings for navigation functions.
**Touchscreen Operation**

You can operate the system using your finger on the touchscreen. The touchscreen can be operated if you are wearing thin gloves, but it may be more difficult for the system to respond.

**Tap**

Touch the screen lightly with your finger to select an item on the screen.

- **Flick**

Lightly sweep your finger side to side or up and down to scroll a list or map.

**Slide**

Move your finger slowly across the screen to scroll the map.

- **Pinch In/Out**

Open or close your fingers on the screen in a pinching motion to zoom in or out of the map.
How to Enter Information
You can enter information (e.g., town names, street names, numbers, and symbols) when prompted on input screens by a different method.

Using the Touchscreen
Select a character or icon on the screen to select it.
- Select  to remove the last entered character.
- Select  to remove all entered characters.
- Select  to display upper/lower case characters.
- Select  to enter a space character.
- Select  to display other types of characters.
- Select  to change the keypad language.

On input search screens, the suggested search terms are displayed. Select  to display a list of possible entries.

Help
This navigation system comes with help information, which tells you how to use this navigation. (P111)

1. Press the HOME button and then select Navigation.
2. Select Apps.
4. Select a help topic.

- Select  to search help topics by keyword.
- You can also display a help topic to select  on each menu screen.
Map Screen Legend

The colour of the map is different depending on the selected language.

- Map scale (P79)
- Landmark icons
- Map operation icons (P79)
- Traffic incident icons
- Current vehicle position
- Feature areas
- Current street name
- Streets
- Traffic flow indicator

Traffic flow indicator:
- Traffic is flowing normally.
- Traffic is slightly congested.
- Traffic is heavily congested or stopped.
- Traffic has not updated.
During Route Guidance
During route guidance, route information is displayed on the map screen. You can see the detailed information on the turn information screen.

Map Screen
- Next guidance indicator: Distance to the next guidance point and street name of next guidance point.
- Waypoint
- Calculated route
- Estimated time of arrival
- Stop guidance icon
- Speed limit icon

Guidance Screen
- Street name of next guidance point

Day or Night Mode
Press the (Display mode) button to manually switch between Day and Night mode.

- Day Mode
- Night Mode

Scrolls key
Select this key to scroll the display.

Estimated time to next guidance point
Distance to next guidance point
Navigation—Home Addresses and Going Home
The “Home” feature automatically routes you to your home address from any location simply by selecting Go Home. You can store one home address. The order of the steps may change depending on the map data loaded on your device.

**Storing Your Home Address**

1. Press the HOME button and then select Navigation.
2. Select Where To?
3. Press \textbf{menu} and then select Set Home Location.
4. Select Enter My Address.
5. Select Search All.
6. Enter a house number and then select Done.
7. Enter a street and then select Done.
8. Select a street from the list.

**Going Home**

1. Press the HOME button and then select Navigation.
2. Select Where To?
3. Select Go Home.
4. Select an address from the list.
5. Select Select.
6. If the select Town screen is displayed, select a town.
Navigation—Entering a Destination

Enter your destination using one of several methods, then follow route guidance on the map to your destination. The order of the steps may change depending on the map data loaded on your device.

1. Press the HOME button and then select Navigation.
2. Select Where To?.
3. Select Address.
4. Select Search All.
5. Enter the house number and select Done if necessary.
6. Enter the name of your destination street and select Done.
7. Select your destination street from the list.
8. Select an address from the list.
9. Select Go!.
   Route guidance to the destination begins.

- Routes: Choose one of multiple routes.
- Display your destination map and save a place.
Navigation—Changing Route or Destination
You can alter your route by adding waypoints to visit, adding streets to avoid, or changing your destination during route guidance.

Adding a Waypoint (“Pit Stop”)
You can add waypoints along your route.

1 Press the HOME button and then select Navigation.
2 Select Where To?.
3 Select search method.
4 Select the location to add to the destination list and select Go!.
5 Select Add to Active Route.
6 If necessary, edit the order of the destinations and select Done.

Changing Your Destination
There are three methods you can use to specify a new destination during route guidance.

- Searching nearby hospitals, police stations, or fuel stations
  Select the vehicle icon and select an item.
- Selecting an icon on the map
  Select a place/landmark icon or a new area on the map twice.
- Entering a new destination
  Select Where to? and then enter a new destination.

Cancelling Your Route

1 Press the HOME button and then select Navigation.
2 Select View Map.
3 Select .
Troubleshooting

Why does the vehicle position icon on the map appear slightly off my actual position, especially at intersections?

This is normal. The navigation system is unaware of the width of intersections. Large differences in vehicle position can indicate a temporary loss of the GPS signal.

Why does the “arrival time” display sometimes increase even though I am getting closer to my destination?

The “arrival time” is based on the speed limit on each road. Depending on the traffic conditions, the “arrival time” may be calculated to be earlier or later.

Why does my clock frequently change the time forward and backward by one hour?

The clock setting is automatically updated based on your GPS location.

How do I turn on the navigation system voice guidance?

1. Press the HOME button. Select Navigation > Settings > Navigation. Check that Voice Prompts is not set to off.
2. Press the HOME button and then select Settings. Select System, and then select Sound/Beep tab. Check that Volume is not set to 0.

My battery was disconnected or went dead, and the navigation system is asking for a code. Where do I find it?

In most cases, you do not need to enter a code. Simply press and hold the (Audio Power) button for two seconds; the system should reactivate.

How do I specify a destination when an entered town or street could not be found?

Try selecting the destination directly from the map.
How to Use This Manual

This section explains different methods on how you can easily find information in this manual.

Searching the Table of Contents

Two types of Tables of Contents help you find your desired information.

First, find the general chapter related to what you are looking for (e.g., entering a destination from the Favourites). Then, go to that chapter to view a more specific table of contents.

Searching the Index

Menu items displayed on the navigation screen (e.g., Favourites) can be found individually in the Index.

The Index consists of main terms and sub-entries. The sub-entries help you get to the desired page depending on what you are looking for.
Menu Tree

The menu tree helps guide you through the system’s menu options. To get to your desired function, follow the menu tree in order of the steps shown.

Select the item on the system control panel.

Select HOME.

Select the menu option.

Select Favourites.

* Sample pages and images in this section may differ from the actual ones.
System Setup

This section describes the start-up procedure and the navigation and setup functions.

</table>
The navigation system starts automatically when you set the power mode to ACCESSORY or ON. At start-up, the following Confirmation screen is displayed.

1. Select OK.
   - The HOME screen is displayed.
   - If you do not select OK, the screen will become completely black after 30 seconds.

2. Select Navigation.

3. Select Agree.

Avoid focusing on the screen and drive safely following the actual traffic restrictions.

If the navigation system loses power at any time, you may need to press and hold the (Audio Power) button for more than two seconds, or you may be prompted for the 5-digit security code.

You can also start the navigation app by selecting on the HOME screen.

When you use the navigation app, the system may close other apps.

When connected via a Bluetooth® HandsFreeTelephone, the navigation app screen will switch to the incoming screen when receiving a call.
Use the personal information menu to set your home location. You can also delete unwanted shortcuts.

1. Select 🔄.
   ▶ The menu screen is displayed.
2. Select an item.

The following items are available:
- **Set Home Location**: Sets your home location.
  ➡️ **Setting Home Location** P. 18
- **Remove Shortcut(s)**: Deletes shortcuts.
  ➡️ **Deleting Shortcuts** P. 19
Setting Home Location

The following items are available:

- **Enter My Address**: Sets the home location by entering the address.
  - [Storing Your Home Address](#) P. 8
- **Use My Current Location**: Sets your current location as your home location.
- **Choose from Recently Found**: Sets the home location from a recently found location.

1. Select an item.
2. Select the home location.
3. Select Select.
Deleting Shortcuts

1. Select a shortcut with the if you want to delete.

2. Select a shortcut again.

3. Select Save.
Favourites Locations

You can save locations so you can quickly find them and create routes to them.

## Saving a Favourite Location

1. Display the screen where the location of the destination can be confirmed.
   - **Entering a Destination** P. 56
2. Select .
3. Select Save.
4. Select OK.
Saving Your Current Location

1. Select the vehicle icon.
2. Select Save.
3. Enter a name of the location.
4. Select Done.
5. Select OK.

Vehicle position may not be displayed when:
- The automobile is travelling off-road.
- The vehicle position data cannot be updated.
Editing a Favourite Location

HOME ➤ Navigation ➤ Where To? ➤ Favourites

1. Select a saved location you want to edit.
2. Select ⬅.

3. Select ☐.
4. Select Edit.
5. Select an item.

The following items are available:

- **Name**: Enters a new name for the location.
- **Phone Number**: Enters a phone number.
- **Categories**: Creates or changes the category in which this location is saved.
- **Change Map Symbol**: Selects a new symbol.
Deleting a Favourite Location

1. Select a saved location you want to delete.
2. Select .
3. Select .
4. Select Delete.
5. Select Yes.
Deleting Favourites Locations

1. Select 📚.
2. Select Delete Favourite(s).
3. Select a saved location you want to delete.
   ▶ Select Select All to delete all saved locations.
4. Select Delete.
5. Select Yes.
Display Mode Settings

Switching Display Mode Manually

Set the screen brightness separately for Day and Night modes. Press the (Display mode) button to cycle through the display modes (Day to Night to Off).

1. Press the (Display mode) button.
2. The Brightness bar is displayed for a few seconds.
3. Select or to adjust the brightness.

You can also adjust the display brightness by sliding or flicking on the bar.
### Display Mode Settings

#### Switching Display Mode Manually

<table>
<thead>
<tr>
<th>Illumination control</th>
<th>Priority</th>
<th>Operation</th>
</tr>
</thead>
</table>
| ✯ button             | 1        | Selects Day or Night display mode when the user wants to change the brightness of the display temporarily.  
**Remember:** This button overrides all other display brightness adjustment that is set by the sunlight sensor automatically or you changed manually from the System settings screen. |
| Dash illumination adjustment buttons (see your Owner’s Manual for location) | 2 | When the headlights are turned on, and you wish to have the Day display mode, adjust the illumination to the full brightness (beeps).  
**Remember:** Adjust the dash brightness back to midrange to allow auto switching by sensing the headlights are on or off. |
| Headlights (Auto*/On/Off) | 3 | When turned on, the display changes to Night display mode.  
The previous three controls listed above can “cancel” this function.  
**Remember:** Use the ✯ button, or adjust the dash illumination to full brightness, to set the display to your desired choice. |
Change the map settings.

Select an item.

The following items are available:

- **Vehicle**: Changes the icon to represent your position on the map.
  - [Vehicle] P. 29

- **Driving Map View**: Sets the perspective on the map.
  - [Driving Map View (Map Orientation)] P. 30

- **Map Detail**: Sets the level of detail on the map. More detail may cause the map to draw slower.
  - [Map Detail] P. 31

- **Map Theme**: Changes the colour of the map data.
  - [Map Theme] P. 32

- **Map Buttons**: Sets which icons are included on the map. Up to three icons can be included on the map.
  - [Map Buttons] P. 33

- **Map Layers**: Sets the data that appears on the map.
  - [Map Layers] P. 34

- **Dashboards**: Sets the map dashboard layout.
  - [Dashboards] P. 34
• Auto Zoom: Sets whether to the auto zoom on the map screen.
• myMaps: Sets which installed maps the device uses.
  ➡️ myMaps P. 35

Vehicle

HOME ➤ Navigation ➤ Settings ➤ Map & Vehicle ➤ Vehicle

You can choose your vehicle icon.

1. Select an option.
2. Select Save.
Driving Map View (Map Orientation)

Select the map orientation.

1. Select an option.
2. Select Save.

The following options are available:
- **Track Up**: Displays the map with your direction of travel facing upwards.
- **North Up**: Displays the map with North always pointing up.
- **3-D (factory default)**: Displays the map in 3D with your direction of travel facing upwards.
Map Detail

Set the level of detail on the map.

1. Select an option.
2. Select Save.

The following options are available:

- **More**: Sets the level of detail shown on the map to most.
- **Normal** (factory default): Sets the level of detail shown on the map to normal.
- **Less**: Sets the level of detail shown on the map to least.
Map Theme

Change the colour of the map data.

1. Select an option.
2. Select Save.
Map Buttons

Set the shortcuts that appear in the map tools menu.

1. Select if you want to delete and then select OK.
2. Select to add new shortcut.
3. Select an option.
4. Select Save.

Map Buttons

Reset to Defaults
Resets the settings to the factory defaults.
Map Layers

Set the data that appears on the map screen.

1. Select an option.
2. Select Save.

Dashboards

Switch the dashboard layout.

1. Select 🔽 or ▼.
2. Select Save.
Set which installed maps the device uses.

Select an option.
Change the navigation settings.

The following items are available:

- **Calculation Mode**: Sets route preference.
  - Calculation Mode P. 37
- **Avoidances**: Sets road features to avoid on a route.
  - Avoidances P. 38
- **Custom Avoidances**: Allows you to avoid specific roads or areas.
  - Custom Avoidances P. 39
- **Advanced Detours**: Sets the length of the detour.
- **Safe Mode**: Sets the operation limit while driving.
- **Voice Prompts**: Turns the voice prompts on or off.
- **GPS Simulator**: Stops the device from receiving a GPS signal.
Calculation Mode

Set the route preferences (calculating method).

1. Select an option.
2. Select Save.

The following items are available:

- **Faster Time** (factory default): Calculates routes that are faster to drive but can be longer in distance.
- **Shorter Distance**: Calculates routes that are shorter in distance but can take more time to drive.
- **Less Fuel**: Calculates routes that could use less fuel than other routes.
Avoidances

1. Select an option.
2. Select Save.

The following items are available:
- **U-Turns**: Avoids u-turns.
- **Motorways**: Avoids motorways.
- **Toll and Fees**: Avoids toll roads.
- **Ferries**: Avoids ferries.
- **Car Share Lanes**: Avoids car share lanes.
- **Unpaved Roads**: Avoids unpaved roads.

**Motorways, Toll and Fees** and **Ferries** are set to off as factory default.
Custom Avoidances

This function allows you to avoid specific areas and sections of road. You can enable and disable custom avoidances as needed.

Select an option.

- Select **Add New Custom Avoidance** if custom avoidances are already stored.

The following options are available:

- **Add Avoid Area**: Sets an avoid area.
  - [Adding an Avoid Area](#) P. 40
- **Add Avoid Road**: Sets an avoid road.
  - [Adding an Avoid Road](#) P. 41

Continued
Adding an Avoid Area

1. Select the upper-left (right) corner of the area to avoid. Select Next.
   - The icon is displayed on the map.

2. Select the lower-right (left) corner of the area to avoid. Select Next.
   - The selected area is shaded on the map.
3. Select Done.

Adding an Avoid Road

1. Select the starting point of the section of road to avoid. Select Next.
   - The icon is displayed on the map.
2. Select the ending point of the road section. Select **Next**.
   - The selected road is displayed in pink.

3. Select **Done**.
Editing a Custom Avoidance

1. Select the area or road to edit from the list.

2. Select .
   - The menu screen is displayed.

3. Select an item.

The following items are available:
- **Rename**: Enters a new name.
- **Delete**: Deletes a selected area or road.
- **Disable**: Disables the avoidance.
Deleting Custom Avoidances

1. Select 🗑.

2. Select items you want to delete.
   - Select **Select All** for all items in the list.

3. Select **Delete**.
Select an item.

The following items are available:

- **Traffic**: Enables the traffic feature.
- **Current Provider**: Sets the traffic provider to use for traffic data.
- **Subscriptions**: Displays the lists of the current traffic subscriptions.
- **Optimise Route**: Sets whether to use Optimised routes **On Request** or **Automatic**.
  - **On Request**: Changes the route when receiving the traffic information.
  - **Automatic**: Automatically optimises the route when receiving the traffic information.

Traffic information is available in certain areas.
Other Settings

Units & Time

Set the time format and adjust the current time for navigation screen. You can also set the map units.

Select an item.

The following items are available:

- **Current Time**: Sets the device time. 
  - [Current Time](#) P. 47

- **Time Format**: Allows you to select a 12-hour, 24-hour, or UTC display time.
  - [Time Format](#) P. 47

- **Units**: Sets the unit of measure used for distances.
  - [Units](#) P. 48

## Using the Search Bar

HOME ➤ Navigation ➤ Where To? ➤ Enter Search

You can use the search bar to search for locations by entering a category, brand name, address, or town name.

1. Enter a search term.
   ➤ Suggested search terms appear below the search bar as you type.
2. Select [ ] or suggested search term.
3. Select your destination from the list.
4. Set the route to your destination.

#### Using the Search Bar

• To search for a type of business, enter a category name, such as “movie theatres.”
• To search for a business by name, enter all or part of the name.
• To search for an address near you, enter the street number and street name.
• To search for an address in another town, enter the street number, street name, town, and state.
• To search for a town, enter the town and state.
Changing the Search Area

By default, your device finds locations closest to your current location. You can find a location near another town or location.

Select an item.

The following items are available:
- **Where I Am Now**: Searches near your current location.
- **My Current Route**: Searches along your current route.
- **My Destination**: Searches near your current destination.
- **A Different Town**: Searches near the town you enter.
- **A Recent Destination**: Searches near a recent destination.
- **A Favourite Destination**: Searches near a favourite place.
Adding Shortcuts

2. Select your destination postal code from the list.
3. Enter the house number. Select Done.
4. Enter the street name. Select Done.

5. Select your destination street from the list.

Calculating the Route P. 72

Selecting the Post Code

The order of the steps may change depending on the map data loaded on your device.
Categories

Select the category of a place (e.g., Restaurants, Petrol Stations, Shopping) stored in the map database to search for the destination.

Finding a Location by Category

1. Select a category.
2. Select a subcategory.
   - If subcategory screen is not displayed, proceed to step 3.

Categories

This option is convenient if you do not know the exact name of a place or if you want to narrow down the number of matches returned for places with a common name.

When you set the destination or waypoint, the same categories of icons do not appear.

Quick Search screen

After you have performed a search for a destination, certain categories display a Quick Search list that display the four destinations you selected.
3. Select a place name from the list.
4. Set the route to your destination.

Calculating the Route P. 72
Finding a Location by Junctions

Select the intersection of two streets as the destination.

1. Select Spell Town.
   - If select Search All, proceed to step 3.
   - Select Change Country, if necessary.
     [Selecting the Country] P. 61

2. Enter a town name. Select Done.
   - A list of matching hits is automatically displayed after you enter several letters, with the closest match at the top of the list.

3. Select a town.

Finding a Location by Junctions

If there is more than one junction, you are prompted to select the junction. If the two streets that you have selected do not intersect, no junction is entered.
4. Enter the street 1 name. Select Done.
   - A list of matching hits is automatically displayed after you enter several letters, with the closest match at the top of the list.
5. Select the street from the list.
   - Repeat step 4 to search the second street.
6. Select the intersection.
7. Set the route to your destination.
   ➤ Calculating the Route P. 72

Finding a Towns

HOME ➤ Navigation ➤ Where To? ➤ Categories ➤ Towns

Select your destination town centre.

1. Select a town.
   - Select Enter Search and enter a town name if you want to narrow down the number of matches.
2. Set the route to your destination.
   ➤ Calculating the Route P. 72
Finding a Location Using Coordinates

You can find a location using latitude and longitude coordinates. This can be helpful when geocaching.

1. Select the latitude coordinate.
2. Enter the new coordinate. Select Done.
3. Select the longitude coordinate.
4. Enter the new coordinate. Select Done.
5. Select View on Map.
6. Set the route to your destination.

  ➤ *Unit Converter* P. 114
The ecoRoute™ feature calculates the fuel economy and the fuel price of navigating to a destination, and offers tools for improving fuel efficiency. The data provided by the ecoRoute feature is an estimate only. To receive more-accurate fuel reports for your specific vehicle and driving habits, calibrate the fuel economy.

Select an item.

The following items are available:

- **At The Pump**: Calibrates the fuel economy to receive more-accurate fuel reports.
  
  ➤ Calibrating the Fuel Economy P. 107

- **ecoChallenge**: Helps you maximize the vehicle fuel economy by scoring your driving habits.
  
  ➤ Viewing the ecoChallenge Scores P. 108

- **Fuel Economy**: Displays fuel economy information.
  
  ➤ Viewing Fuel Economy Information P. 109

- **Vehicle Profile**: Checks or reset your vehicle information.
  
  ➤ Viewing the Vehicle Profile P. 106

- **Mileage Report**: Displays mileage reports for your vehicle.
  
  ➤ Viewing a Mileage Report P. 110
Setting Up the Vehicle Profile

The first time you use the ecoRoute features, you must enter vehicle information.

1. Select Yes.

2. Select a fuel type.

3. Select Next.
4. Enter the fuel information of cities.
5. Select Next.

6. Enter the fuel information of motorways.
7. Select Next.

8. Enter the fuel price.
9. Select Next.
   - The confirmation message will appear.
10. Select OK.
Viewing the Vehicle Profile

- Select Vehicle Profile.
- If you reset the Vehicle Profile, select Reset.
Calibrating the Fuel Economy

You can calibrate the fuel economy to receive more-accurate fuel reports for your specific vehicle and driving habits. You should calibrate when you fill up your fuel tank.

1. Enter the current fuel price.
2. Enter the amount of fuel the vehicle has used since the last time the fuel tank was filled.
3. Enter the distance you have travelled since the last time the fuel tank was filled.
4. Select Next.
   ▶ The device calculates the average vehicle fuel economy.
5. Select Save.
The ecoChallenge feature helps you maximize the vehicle fuel economy by scoring your driving habits. The higher your ecoChallenge scores, the more fuel you have saved. The ecoChallenge collects data and calculates a score whenever your device is moving and in Automobile transportation mode.

The following information is displayed:
- **Current**: Displays the score for your current driving activity.
- **Overall**: Displays an average of the speed, acceleration, and braking score.
- **Speed**: Displays your score for driving your vehicle at the optimal speed for conserving fuel (45–60 mph for most vehicles).
- **Acceleration**: Displays your score for smooth and gradual acceleration. You lose points for rapid acceleration.
- **Braking**: Displays your score for smooth and gradual braking. You lose points for hard braking.

If you reset the ecoChallenge Scores, select 📊 and then select **Reset**.
Viewing Fuel Economy Information

HOME ➤ Navigation ➤ Apps ➤ ecoRoute™ ➤ Fuel Economy

You can view your fuel consumption, your total fuel cost, and your average fuel economy.

Select a section of the graph to zoom in.

If you reset the Fuel Economy information, select and then select Reset.
Viewing a Mileage Report

You can view saved mileage reports on the device. Select a report.

© Viewing a Mileage Report

Mileage Reports
Mileage reports provide the distance, the time, the average fuel economy, and the fuel cost of navigating to a destination. A mileage report is created for every route that you drive. If you stop a route on the device, a mileage report is created for the distance you travelled.
Help

Select a help topic you want to display.

1. Enter a keyword. Select Done.

You can also display the help topic to select on each menu screen.
Where I've Been

Before you can use this feature, you must enable the travel history feature. You can view your previous routes and places you have stopped on the map.

If you want to delete the recorded information, select and then select **Clear Travel History**.
Calculator

HOME ➤ Navigation ➤ Apps ➤ Calculator

Enter a numeric value to calculate.
Unit Converter

1. If necessary, Select a measurement category (e.g., Distance).
   - Select a measurement category from the list. Select Save.
2. If necessary, Select a unit of measurement (e.g., km).
   - Select a unit of measurement from the list. Select Save.
3. Enter a numeric value to convert (e.g., 1000). Select Done.
GPS Information

HOME  ➤  Navigation

The GPS info screen displays the satellites status.

Select and hold the .

- The picture on the left shows status of each GPS satellite.
- A solid bar indicates that the GPS satellite is ready for use.

### Map, Voice, Entering Destinations

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Startup Confirmation screen is displayed every time I start the car.</td>
<td>This is normal. The Startup Confirmation screen reminds you and your guest drivers to always operate the navigation system in a safe manner. If you do not select <strong>OK</strong>, the screen will become completely black after 30 seconds.</td>
</tr>
<tr>
<td>The navigation system reboots by itself (returns to the opening screen).</td>
<td>A reboot can be caused by extreme temperatures or shock from bumpy roads, and does not necessarily indicate a problem. If this happens frequently, please see your dealer.</td>
</tr>
<tr>
<td>How do I specify a destination when an entered town or street could not be found?</td>
<td>Try selecting the destination directly from the map.</td>
</tr>
</tbody>
</table>
| How do I delete saved places?                                           | 1. Press the **HOME** button. Select **Navigation** > **Where To?** > **Favourite(s)** > **Delete Favourite(s)**.  
2. Select saved places you want to delete.  
3. Select **Delete**.  
4. Select **Yes**. |
| I cannot hear the navigation system voice.                             | 1. Press the **HOME** button. Select **Navigation** > **Settings** > **Navigation** and set **Voice Prompts** to on.  
2. Press the **HOME** button. Select **Settings** > **System** > **Sound/Beep** tab and check that **Volume** is not set to 0. |
## Traffic

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
</table>
| Traffic information is missing or is not displaying properly. What is wrong? | Verify the following:  
- Traffic information relies on a clear signal. If signal strength is low, traffic data may not be available.  
- Check that the traffic icons are turned on.  
  🌐 Traffic Information (For applicable countries) P. 84  
- It is possible that there is a temporary technical problem with your metropolitan area traffic. You can call Honda Automobile Customer Service to see if there is an outage.  
  🌐 Honda Automobile Customer Service Contact Information P. 127  
- If the situation persists, see your Honda dealer for assistance.  
- Traffic information is available only in certain areas. |
<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
</table>
| The navigation system does not route me the same way I would go or the same way as other mapping systems. | The navigation system attempts to generate the optimal route. You can change the route preferences used when calculating a route.  
  [Recalculate Using Another Route Preference](#) P. 92                      |
| The street I’m on is not shown on the map screen.                      | The mapping database is constantly undergoing revision. You can access the most recent information on the Internet.  
  [Map Coverage](#) P. 127                                               |
| The vehicle position icon is not following the road and the “GPS icon” text in the upper left hand corner of the screen is white or missing. | • Check that the GPS antenna (located in the dashboard) is not blocked. For best reception, remove items from the dashboard, such as radar detectors, cellular phones, or loose articles.  
  • Metallic tinting or other aftermarket devices can interfere with the GPS reception. Please consult your dealer.  
  [GPS System](#) P. 125                                                   |
| How do I stop the map from rotating as I drive along?                  | 1. Press the HOME button. Select Navigation > Settings > Map & Vehicle > Driving Map View and check that Driving Map View is set to Track Up or 3-D.  
  2. Select North Up.  
  3. Select Save.                                                              |
| The “arrive time” display sometimes increases even though I am getting closer to my destination. | “Arrival time” is based on the speed limit on each road. Depending on the traffic conditions, the “arrival time” may be calculated to be earlier or later. |
| My elevation (shown when I display the current position) seems to fluctuate even though my elevation has not changed. | This is normal. The elevation can vary ±30 m due to GPS calculation errors.  
  [GPS System](#) P. 125                                                   |
| My elevation is missing on the “current position” screen.              | The elevation is only displayed if the GPS antenna can receive signals from at least four satellites. Try moving the vehicle into an open area. The elevation is also not displayed if the calculated elevation is zero or below sea level. |
## Update, Coverage, Map Errors

The navigation system must be initialized if power to the navigation system is interrupted for any reason (e.g., the battery was disconnected).

**Entering the Security Code**

You can find out about your serial number and security code from a dealer.

1. Set the power mode to ON, and turn on the system.
2. Press and hold the system power button for more than two seconds.
   - The system is reactivated when the system control unit establishes a connection with the vehicle control unit. If the control unit fails to recognise the system unit, you must go to a dealer and have the system unit checked.

**Startup Confirmation Screen**

The Startup Confirmation screen is displayed when initialization has successfully completed. It is displayed every time you start your vehicle. Select **OK** to continue.
GPS System

The signals received from the GPS satellites are extremely weak (less than a millionth of the strength of a local FM station) and require an unobstructed view of the sky. The GPS antenna is located in the dashboard. The signal reception can easily be interrupted or interfered with by the following:

- Metallic window tint on the front or side windows
- Cellular phones, PDAs, or other electronic devices docked in a cradle or lying loose on the dashboard
- Remote starters or “hidden” vehicle tracking systems mounted near the navigation unit
- Audio electronic devices mounted near the navigation unit
- Trees, tall buildings, motorway overpasses, tunnels, or overhead electrical power wires

The GPS is operated by the U.S. Department of Defense. For security reasons, there are certain inaccuracies built into the GPS for which the navigation system must constantly compensate. This can cause occasional positioning errors of up to several hundred metres.

Address Calculation

The destination icon shows only the approximate location of a destination address. This occurs if the number of possible addresses is different from the number of actual addresses on a block. For example, the address 1425 on a 1400 block with 100 possible addresses (because it is followed by the 1500 block) will be shown a quarter of the way down the block by the system. If there are only 25 actual addresses on the block, the actual location of address 1425 would be at the end of the block.

Database

The digitized map database reflects conditions as they existed at various points in time before production. Accordingly, your database may contain inaccurate or incomplete data or information due to the passage of time, road construction, changing conditions, or other causes.

For example, some places/landmarks may be missing when you search the database because the name was misspelled, the place was improperly categorized, or a place/landmark is not yet in the database. This is also true for police stations, hospitals, and other public institutions. Do not rely on the navigation system if you need law enforcement or hospital services. Always check with local information sources.
The database does not include, analyze, process, consider, or reflect any of the following categories of information:

- Neighbourhood quality or safety
- Population density
- Availability or proximity of law enforcement
- Emergency, rescue, medical, or other assistance
- Construction work, zones, or hazards
- Road and lane closures
- Legal restrictions (such as vehicular type, weight, load, height, and speed restrictions)
- Road slope or grade
- Bridge height, width, weight, or other limits
- Traffic facilities safety
- Special events
- Pavement characteristics or conditions

Every effort has been made to verify that the database is accurate. The number of inaccuracies you experience increases the longer you go without obtaining an updated map database.

We assume no liability for any incident that may result from an error in the program, or from changed conditions not noted above.
Resolving Problems
If you run into a specific issue that you cannot resolve, consult the following help resources:
• For navigation system issues:  
  Troubleshooting P. 118  
  Or, please contact your dealer.
• For traffic-related issues:  
  Traffic P. 119  
• Call Honda Automobile Customer Service.

Visiting Your Dealer
If you have a question that you cannot resolve using the available help resources, you can consult your dealer. Please identify the specific issue (e.g., error occurs when you enter a specific address, when driving on a certain road, or just when it’s cold) so that the service adviser can refer the issue to the factory so that a solution can be found. Be patient, the service adviser may be unfamiliar with your specific issue.

Honda Automobile Customer Service Contact Information
Please contact your dealer.

Map Coverage
The navigation system provides map coverage for the European region.

Obtaining a Navigation Update
Honda is continuously updating the navigation system. Navigation system software is usually updated annually. Please contact your Honda dealer for further information regarding the update program available for your vehicle.

Traffic Information
Continuously updated traffic information is available in major metropolitan areas.
User Agreement

END USER TERMS

The content provided (“Data”) is licensed, not sold. By opening this package, or installing, copying, or otherwise using the Data, you agree to be bound by the terms of this agreement. If you do not agree to the terms of this agreement, you are not permitted to install, copy, use, resell or transfer the Data. If you wish to reject the terms of this agreement, and have not installed, copied, or used the Data, you must contact your retailer or HERE North America, LLC (as defined below) within thirty (30) days of purchase for a refund of your purchase price. To contact HERE, please visit www.here.com.

The Data is provided for your personal, internal use only and may not be resold. It is protected by copyright, and is subject to the following terms (this “End User License Agreement”) and conditions which are agreed to by you, on the one hand, and HERE and its licensors (including their licensors and suppliers) on the other hand. For purposes of these terms, “HERE” shall mean (a) HERE North America, LLC with respect to Data for the Americas and/or the Asia Pacific region and (b) HERE Europe B.V. for Data for Europe, the Middle East and/or Africa.

The Data includes certain information and related content provided under license to HERE from third parties and is subject to the applicable supplier terms and copyright notices set forth at the following URL: http://corporate.navteq.com/supplier_terms.html.

TERMS AND CONDITIONS

License Limitations on Use: You agree that your license to use this Data is limited to and conditioned on use for solely personal, noncommercial purposes, and not for service bureau, timesharing or other similar purposes. Except as otherwise set forth herein, you agree not to otherwise reproduce, copy, modify, decompile, disassemble or reverse engineer any portion of this Data, and may not transfer or distribute it in any form, for any purpose, except to the extent permitted by mandatory laws.

License Limitations on Transfer: Your limited license does not allow transfer or resale of the Data, except on the condition that you may transfer the Data and all accompanying materials on a permanent basis if: (a) you retain no copies of the Data; (b) the recipient agrees to the terms of this End User License Agreement; and (c) you transfer the Data in the exact same form as you purchased it by physically transferring the original media (e.g., the CD-ROM or DVD you purchased), all original packaging, all Manuals and other documentation. Specifically, Multidisc sets may only be transferred or sold as a complete set as provided to you and not as a subset thereof.

Additional License Limitations: Except where you have been specifically licensed to do so by HERE in a separate written agreement, and without limiting the preceding paragraph, your license is conditioned on use of the Data as prescribed in this agreement, and you may not (a) use this Data with any products, systems, or applications installed or otherwise connected to or in communication with vehicles capable of vehicle navigation, positioning, dispatch,
real time route guidance, fleet management or similar applications; or (b) with, or in communication with, including without limitation, cellular phones, palmtop and handheld computers, pagers, and personal digital assistants or PDAs.

Warning: This Data may contain inaccurate or incomplete information due to the passage of time, changing circumstances, sources used and the nature of collecting comprehensive geographic Data, any of which may lead to incorrect results.

No Warranty: This Data is provided to you “as is”, and you agree to use it at your own risk. HERE and its licensors (and their licensors and suppliers) make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, fitness for a particular purpose, usefulness, use or results to be obtained from this Data, or that the Data or server will be uninterrupted or error free.

Disclaimer of Warranty: HERE AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

Disclaimer of Liability: HERE AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) SHALL NOT BE LIABLE TO YOU IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THIS DATA; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF OR INABILITY TO USE THIS DATA, ANY DEFECT IN THIS DATA, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY, EVEN IF HERE OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

Export Control: You agree not to export from anywhere any part of the Data or any direct product thereof except in compliance with, and with all licenses and approvals required under, applicable export laws, rules and regulations, including but not limited to the laws, rules and regulations administered by the Office of Foreign Assets Control of the U.S. Department of Commerce and the Bureau of Industry and Security of the U.S. Department of Commerce. To the extent that any such export laws, rules or regulations prohibit HERE from complying with any of its obligations hereunder to deliver or distribute Data, such failure shall be excused and shall not constitute a breach of this Agreement.
Entire Agreement: These terms and conditions constitute the entire agreement between HERE (and its licensors, including their licensors and suppliers) and you pertaining to the subject matter hereof, and supersedes in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

Severability: You and HERE agree that if any portion of this agreement is found illegal or unenforceable, that portion shall be severed and the remainder of the Agreement shall be given full force and effect.

Governing Law: The above terms and conditions shall be governed by the laws of the State of Illinois (for Data for the Americas and/or the Asia Pacific region) or The Netherlands (for Data for Europe, the Middle East and Africa), without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. For any and all disputes, claims and actions arising from or in connection with the Data (“Claims”), you agree to submit to the personal jurisdiction of (a) the State of Illinois for Claims related to Data for the Americas and/or the Asia Pacific region provided to you hereunder, and (b) The Netherlands for Data for Europe, the Middle East and/or Africa provided to you hereunder.

Government End Users: If the Data is being acquired by or on behalf of the United States government or any other entity seeking or applying rights similar to those customarily claimed by the United States government, this Data is a “commercial item” as that term is defined at 48 C.F.R. (“FAR”) 2.101, is licensed in accordance with this End User License Agreement, and each copy of Data delivered or otherwise furnished shall be marked and embedded as appropriate with the following “Notice of Use”, and be treated in accordance with such Notice:
