Overview—Functions at a Glance

**Navigation**

You can select any place/landmark as a destination by using the touchscreen. The navigation system gives you turn-by-turn driving directions to your destination.

- **Store home address** ➝ P.18
  Register 1 home address.

- **Store contacts** ➝ P.19
  Store locations to use as the destination.

- **Enter destination** ➝ P.46
  Select your destination using several methods.

- **Select route** ➝ P.65
  Set route preferences and select one of the available routes.

- **Track route** ➝ P.67
  Follow your route in real-time with voice guidance.

  - **Traffic Information** ➝ P.72
    View and avoid congestion and traffic incidents.

  *: Available only in certain areas.

- **Avoid certain areas** ➝ P.36
  Set streets and areas to detour around.

- **Add waypoints** ➝ P.81
  Add “pit stops” along your route.
Audio/Information Screen
The system displays various functions from the audio/information screen. Press the (Home) button at any time to return to the audio/information screen.

1 (Back)
Go back to the previous screen.

2 VOL (Volume)
Increase or decrease the audio/guidance volume.

3 (Brightness)
Change the screen brightness.

4 (Home)
Display the audio/information screen.

5 Search Station
Search a charging station.

6 Navigation
Display the navigation feature that was used the last time. At start-up, the map screen is displayed.
Touchscreen Operation
You can operate the system using your finger on the touchscreen. The touchscreen can be operated if you are wearing thin gloves, but it may be more difficult for the system to respond.

**Tap**
Touch the screen lightly with your finger to select an option on the screen.

**Swipe**
Lightly sweep your finger side to side or up and down to scroll a list or map.

**Slide**
Move your finger slowly across the screen to scroll the map.

**Pinch In/Out**
Open or close your fingers on the screen in a pinching motion to zoom in or out of the map.

You can change the touchscreen sensitivity setting.
Refer to the Owners Manual.
How to Enter Information
You can enter information (e.g., town names, street names, numbers, and symbols) when prompted on the input screen.

Using Voice Commands*1
When you see \( \text{ } \) in this manual, voice commands are available for that feature.
The system recognises only certain commands.
Available navigation commands \( \text{ } \text{ P.106 } \)
- Press the \( \text{ } \) (Talk) button, and say the command, phrase, letter, number, or symbol (e.g., say “1”).
- If a voice command is not recognised, a list is displayed with possible options.

On list screens:
- Say the number of the list item (e.g., say “Three” to select item 3).
- Say “Back” to return to the previous screen.
- Say “Next” for next page.
- Say “Previous” for previous page.
- Say “Cancel” to end the voice command function.

Using the Touchscreen
Select a character or icon on the screen to select it.
- Select \( \text{ } \) to remove the last entered character.
- Select \( \text{ } \) to remove all entered characters.
- Select \( \text{ } \) to display upper/lower case characters.
- Select Space to enter a space character.
- Select \( \text{ } \) to display other types of characters.
- Select \( \text{ } \) to change the keypad language.

On input search screens, the suggested search terms are displayed. Select Done to display a list of possible entries.

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.
Map Screen Legend

The colour of the map is different depending on the selected Map Theme.

1. Map operation icons  P. 74
2. Landmark icons
3. Map scale  P. 74
4. Map tools  P. 75
5. Current vehicle position
6. Feature areas
7. Streets
8. Where To?  P. 46
During Route Guidance

During route guidance, route information is displayed on the map screen. You can see the detailed information on the turn list screen.

Map Screen

1. Next guidance indicator (P.67)
   - Distance to the next guidance point and street name of next guidance point.
   - Select to get next voice guidance.
2. Queue indicator
3. Waypoint
4. Calculated route
5. Distance to next guidance point
6. Estimated time to next guidance point
7. Street name of next guidance point
8. Where To? (P.46)

Guidance Screen

1. Distance to next guidance point
2. Estimated time to next guidance point
3. Street name of next guidance point

Turn-by-Turn Directions

The next guidance point appears on the Driver Information Interface.

1. Remaining distance
2. Street name of next guidance point
3. Next driving manoeuvre is approaching.
Navigation—Home Addresses and Going Home

The "Home" feature automatically routes you to your home address from any location simply by selecting Go Home. You can store one home address. \[ P.18 \]
The order of the steps may change depending on the map data loaded on your system.

**Storing Your Home Address**

2. Select \( \) .
3. Select \( \) and then select Set Home Location.
4. Select Enter My Address.
5. Enter a house number and street name.
6. Select Done or a suggestion.
7. Select an address from the list.
8. Select Select.

**Going Home**

2. Select \( \) .
3. Select Go Home.

Alternatively, you can say \( \) "Go Home" from any screen. *1

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.
Navigation—Entering a Destination
Enter your destination using one of several methods, then follow route guidance on the map to your destination. The order of the steps may change depending on the map data loaded on your system.

2. Select ．
3. Select the search bar.
4. Enter the house number and street name.
5. Select Done or a suggestion.
6. Select an address from the list.
7. Select Go!
   Route guidance to the destination begins.

- Routes: Choose one of multiple routes.
- Info: Display the location information and save a place.
Navigation—Changing Route or Destination
You can alter your route by adding waypoints to visit, or changing your destination during route guidance.

Adding a Waypoint (“Pit Stop”)  
You can add waypoints along your route. \( \rightarrow \text{P.81} \)

2. Select \( \cdot \).
3. Select a search method.
4. Select the location to add to the destination list and select Go!.
5. Select Add as Next Stop or Add to Active Route.

6. If necessary, edit the order of the destinations.

Changing Your Destination
There are several methods you can use to specify a new destination during route guidance.

- Searching nearby hospitals, police stations, charging stations, or tow services \( \rightarrow \text{P.86} \)
  Select the vehicle icon and select an option.
- Selecting an icon on the map \( \rightarrow \text{P.85} \)
  Select a place/landmark icon or a new area on the map twice.
- Entering a new destination \( \rightarrow \text{P.88} \)
  Select Where To? and then enter a new destination.

Cancelling Your Route

1. Select \( \cdot \).

Alternatively, you can say “Stop route” from any screen."\( ^*1 \)

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.
Voice Control Operation*1

Voice Portal Screen

1. Press and release the (Talk) button.

![Voice Portal Screen Image]

- The system beeps when ready for a command. Press the (Back) button to cancel.

2. Say “Navigation.”

The Voice Command screen is displayed.

After that follow the voice prompt and say a voice command.

Voice Command Screen

1. After saying “Navigation” from the Voice Portal screen, the below screen appears.

![Voice Command Screen Image]

- You do not need to press the (Talk) button again in the Voice Command screen.
- Available voice commands are highlighted on the screen.

- The audio system is muted during voice control mode.
- You can use other voice commands on the Voice Portal screen.
- Carefully read the usage note for the voice control.

Voice Control System*1 (P17)

- The system recognises only certain commands.
- Available navigation commands (P106)

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.
**Troubleshooting**

**Q** Why does the vehicle position icon on the map appear slightly off my actual position, especially at junctions?

**A** This is normal. The navigation system is unaware of the width of junctions. Large differences in vehicle position can indicate a temporary loss of the GPS signal.

**Q** Why does the “Arrival time” display sometimes increase even though I am getting closer to my destination?

**A** The “Arrival time” is based on the speed limit on each road. Depending on the traffic conditions, the “Arrival time” may be calculated to be earlier or later.

**Q** Why does my clock frequently change the time forward and backward by one hour?

**A** The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update is the likely reason.

**Q** How do I turn on the navigation system voice guidance?

**A**
- Adjust the volume using the volume knob during the voice guidance.
- Select General Settings > System > System Volumes. Turn up volume level of Navigation Guidance if it is low.

**Q** How do I specify a destination when an entered town or street could not be found?

**A** Try selecting the destination directly from the map.
How to Use This Manual
This section explains different methods on how you can easily find information in this manual.

Searching the Table of Contents

Two types of Tables of Contents help you find your desired information.

First, find the general chapter related to what you are looking for (e.g., entering a destination from the Favourite Locations). Then, go to that chapter to view a more specific table of contents.

Searching the Index

Menu items displayed on the navigation screen (e.g., Favourites) can be found individually in the Index.

The Index consists of main terms and sub-entries. The sub-entries help you get to the desired page depending on what you are looking for.
Menu Tree

The menu tree helps guide you through the system’s menu options. To get to your desired function, follow the menu tree in order of the steps shown.

Select the icon on the shortcut area.

Select the menu option.

Select Favourites.

After following the menu tree, step-by-step instructions explain how to achieve the desired result.

* Sample pages and images in this section may differ from the actual ones.
This section describes the start-up procedure and the navigation and setup functions.
The system starts automatically when you set the power mode to ACCESSORY or ON. At start-up, the following confirmation screen is displayed.

1. Select Start.
   ▶ If you do not select Start, the system will automatically be switched to the audio/information screen after a certain period of time.

2. Select Navigation.
   ▶ The map screen is displayed.

### Limitations for Manual Operation

Certain manual functions are disabled or inoperable while the vehicle is in motion. You cannot select a grayed-out option until the vehicle is stopped. Voice commands*1 are still operable while the vehicle is in motion.

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.
Voice Control System*1

Your vehicle has a voice control system that allows hands-free operation of the navigation system functions.
The voice control system uses the \texttt{(Talk)} and \texttt{(Back)} buttons on the steering wheel and a microphone near the map lights on the ceiling.
For details of the \texttt{(Talk)} button, \texttt{(Back)} button and microphone position, see the Owner’s Manual.

**Voice Recognition**

To achieve optimum voice recognition when using the navigation voice control system:
- Make sure the correct screen is displayed for the voice command that you are using.
  The system recognises only certain commands.
  Available navigation commands:
  \begin{itemize}
    \item Close the windows.
    \item Adjust the dashboard and side vents so air does not blow onto the microphone on the ceiling.
    \item Speak in a clear, natural speaking voice without pausing between words.
    \item Reduce any background noise if possible. The system may misinterpret your command if more than one person is speaking at the same time.
  \end{itemize}

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.
Personal Information

Setting Home Location

From any location, select Go Home and the system will provide you with one or more return routes to your home. Before you can use this feature, you need to register your home address with the system.

1. Select Set Home Location.

2. Select an option.
   - Select Use Current Location to set home location.
   - If selecting Enter My Address, History or Favourite, proceed to steps 3 and 4.

3. Select the home location.

4. Select Select.

The following options are available:
- Enter My Address: Sets the home location by entering the address.
- Use Current Location: Sets your current location as your home location.
- History: Sets the home location from a recently found location.
- Favourite: Sets the home location from a favourite place.

The home location can be overwritten. Select Change Home Location in step 1.
Favourite Locations

You can save locations so you can quickly find them and create routes to them.

Saving a Favourite Location

1. Select a search method.
   ▶ Find a location that you want to save.
   ➤ Entering a Destination P. 46
2. Select Info.
3. Select Save.
4. Enter a name and select Done.

Saving a Favourite Location Manually

1. Select a destination from the map.
   ➤ Map Input P. 63
2. Select the destination name at the bottom of the map.
3. Select Save.
4. Enter the place name and select Done.

Continued
## Saving Your Current Location

### Navigation

1. Select the vehicle icon.
2. Select Save.
3. Enter a name of the location.
4. Select Done.

## Editing a Favourite Location

### Navigation ➤  ➤  Favourites

1. Select a favourite location you want to edit.
2. Select Info.
3. Select Edit.
4. Select an option.

The following options are available:
- **Name**: Enters a new name for the location.
- **Phone Number**: Enters a phone number.
- **Map Symbol**: Select a symbol.

### Saving Your Current Location

Vehicle position may not be displayed when:
- The vehicle is travelling off-road.
- The vehicle position data cannot be updated.
Deleting a Favourite Location

1. Select a favourite location you want to delete.
2. Select Info.
3. Select.
4. Select Delete.
5. Select Delete.

Deleting Favourite Locations

1. Select.
2. Select Delete Favourite(s).
3. Select a favourite location you want to delete.
   - Select Select All to delete all favourite locations.
4. Select Delete.
5. Select Delete.
Saved Trips

You can use myTrips feature to create and save a route with multiple destinations.

Creating Your Trip

1. Select a method to enter a new destination.
   - Entering a Destination P. 46
2. Select Select if necessary.
3. Select Add Destinations to add additional locations.
   - Repeat steps 1 and 2 to enter the destination.
   - Select and hold $ or $ and then move the destination to the desired position.
Editing a Saved Trip

1. Select a saved trip you want to edit.
2. Select Trip Settings.
3. Select an option.

The following options are available:
- **Trip Name**: Enters a new name for the saved trip.
- **Optimise Order**: Automatically orders the waypoints in the destination list.
- **Calculation Mode**: Changes the route preferences (calculating method).
- **Avoidances**: Changes preferences for route options to avoid.

The route preference is just for the trip. If you want to change the route preference for routing, change the navigation settings.

- **Calculation Mode** P. 34
- **Avoidances** P. 35
Reordering Destinations

1. Select a trip from myTrips list.
2. Select Edit Destinations.
3. Select and hold ⏎, ↑ or ↓ and then move the destination to the desired position.
   - Select Add Destinations to add a new location.
   - The route is automatically recalculated.

Deleting a Destination

1. Select a trip from myTrips list.
2. Select Edit Destinations.
3. Select .
4. Select Remove Destinations.
5. Select the location to delete.
   - Select Select All to delete all destinations.
6. Select Remove.
Deleting a Saved Trip

Navigation ➤ Search ➤ myTrips
1. Select a trip.
2. Select .
3. Select Delete Trip.
4. Select Delete.

Deleting Saved Trips

Navigation ➤ Search ➤ myTrips

1. Select .
2. Select Delete Trips.
3. Select a trip to delete.
   ▶ Select Select All to delete all trips.
4. Select Delete.
Display Mode Settings

Changing the Screen Brightness

The brightness of the screens are automatically adjusted depending on the surrounding brightness. The brightness of the screens which have been automatically adjusted can be adjusted manually.

Press the \( \text{Brightness} \) button. The brightness bar is displayed for a few seconds. Select \( \text{ or } \) to adjust the brightness.

Changing the Screen Brightness

The screens' brightness will gradually be adjusted darker automatically as ambient light decreases. You can adjust the brightness of the screens when the ambient light is low. The screens can also be adjusted in high ambient light, but the screens' brightness will not change.

You can adjust the screen brightness by swiping or tapping on the brightness bar.

When the brightness bar is displayed, you can increase the brightness of the centre screen by pressing the \( \text{Brightness} \) button.

You can change the touchscreen sensitivity setting. Refer to the Owners Manual.
Guidance Volume Settings

General Settings ➤ System ➤ System Volumes

Adjust the navigation guidance volume.

1. Select ▲ or ▼ of Navigation Guidance.
2. Select the ► (Back) icon.

Guidance Volume Settings

You can also adjust the volume by sliding or swiping on the volume bar.

During the voice guidance, you can adjust the guidance volume using the volume knob.
Map and Vehicle

Navigation ▶️ ⬧ ▶️ Settings ▶️ Map and Vehicle

Change the map settings.

Select an option.

The following options are available:

- **Vehicle Selection**: Changes the icon to represent your position on the map.
  - [Vehicle Selection](#) P. 29
- **Driving Map View**: Sets the perspective on the map.
  - [Driving Map View (Map Orientation)](#) P. 30
- **Map Theme**: Changes the colour of the map data.
  - [Map Theme](#) P. 31
- **Map Layer**: Sets the data that appears on the map.
  - [Map Layer](#) P. 31
- **myMaps**: View installed maps.
  - [myMaps](#) P. 32
- **Map Updates**: Initiates or completes map update process.
  - [Map Updates](#) P. 32
Vehicle Selection

You can choose your vehicle icon.

1. Select < or > to choose the desired icon.
2. Select Save.

The factory default is set to 1 of 7.
Driving Map View (Map Orientation)

Select the map orientation.

1. Select an option.
2. Select Save.

The following options are available:

- **3D (factory default)**: Displays the map in 3D with your direction of travel facing upwards.
- **Track Up**: Displays the map with your direction of travel facing upwards.
- **North Up**: Displays the map with north always pointing up.
Map Theme

Changes the colour of the map data.

1. Select an option.
2. Select Save.

Map Layer

Sets the data that appears on the map screen.

1. Select an option(s).
2. Select Save.

Off-Road Breadcrumbs is set to off as factory default.

You can set the categories of places appear along the road on the map screen. Select the categories to show, and then select Save.
myMaps

View installed maps.
Select an item.

Map Updates

Start the map update process.
Follow the on-screen instructions.
Navigation

Navigation > Settings > Navigation

Changes the navigation settings.

The following options are available:

- **Calculation Mode**: Sets route preference.
  - **Calculation Mode** P. 34
- **Avoidances**: Sets road features to avoid on a route.
  - **Avoidances** P. 35
- **Custom Avoidances**: Allows you to avoid specific roads or areas.
  - **Custom Avoidances** P. 36
- **Satellite Status**: Displays the satellite’s status.
  - **Satellite Status** P. 40
- **GPS Simulator**: Stops the system from receiving a GPS signal.

GPS Simulator is set to off as factory default.

You can access the navigation settings from any screen includes the options menu icon. Select to open the options menu, and then select Navigation Settings.
Calculation Mode

Sets the route preference.

1. Select an option.
2. Select Save.

The following options are available:

- **Faster Time** (factory default): Calculates routes that are faster to drive but can be longer in distance.
- **Shorter Distance**: Calculates routes that are shorter in distance but can take more time to drive.
- **Less Fuel**: Calculates routes that could use less fuel than other routes.
Avoidances

Set preferences for route options to avoid.

1. Select an option(s).
2. Select Save.

The following options are available:

- U-Turns: Avoids u-turns.
- Motorways: Avoids motorways.
- Tolls and Fees: Avoids toll roads.
- Ferries: Avoids ferries.
- Car-share Lanes: Avoids car share lanes.
- Unpaved Roads: Avoids unpaved roads.
- Custom Avoidances: Avoids specific areas and roads.

Motorways, Tolls and Fees, and Ferries are set to off as factory default.
Custom Avoidances

Allows you to avoid specific areas and sections of road. You can enable and disable custom avoidances as needed.

1. Select Add Avoidance.
2. Select an option.

The following options are available:
- **Avoid Area**: Sets an area to avoid.  
  *Adding an Avoid Area* P. 37
- **Avoid Road**: Sets a road to avoid.  
  *Adding an Avoid Road* P. 38
Adding an Avoid Area

1. Select the upper-right (left) corner of the area to avoid. Select Next. ➤ The icon is displayed on the map.

2. Select the lower-left (right) corner of the area to avoid. Select Next.

3. Select Done.
Adding an Avoid Road

1. Select the starting point of the section of road to avoid. Select Next. ▶ The icon is displayed on the map.

2. Select the ending point of the road section. Select Next.

3. Select Done.
### Editing a Custom Avoidance

1. Select the area or road to edit from the list.

2. Select an item.

The following items are available:

- **Enable**: Sets whether to enable the avoidance.
- **Rename**: Enters a new name.
- **Delete**: Deletes a selected area or road.
Satellite Status

View the satellites’ status.
Navigation ➤ 🛡 ➤ Settings ➤ Traffic

Sets the traffic feature.

Select an option.

The following options are available:

- **Traffic**: Enables the traffic feature.
  - Traffic Information  P. 72
- **Traffic Alert**: Sets whether to receive an alert when traffic may cause a delay.
- **Automatic Route Optimisation**: Sets whether to use optimised alternate routes.
- **Subscriptions**: Displays the lists of the current traffic subscriptions.
Location History

Navigation ➤ Settings ➤ Location History

Set the history data usage or clear the travel data.

Select an option.

The following options are available:

- **Travel Data Recording**: Allows the system to record your travel data used for predictions.
- **Predicted Destination Alert**: Sets whether the system provides the predicted destination.
  - [Predicted Destination](P. 61)
- **Remove All myTrends™ Places**: Deletes all myTrends places.
- **Clear Off-Road Breadcrumbs**: Clears off-road breadcrumbs appear on the map.
About

Navigation ➤ 📊 ➤ Settings ➤ About

Select an option.

The following options are available:

- **System Information**: Displays the system information.
- **EULAs**: Displays end-user licence agreements.
- **Copyright and Acknowledgments**: Displays copyright and acknowledgments information.
- **Restore Navigation Settings**: Restores navigation settings to the factory defaults.

- **Reset Factory Default Settings** P. 44
Data Reset

Reset Factory Default Settings

You can restore all settings to the factory default values.
2. Select Restore.

When you want to reset the following options, see the below references:
- Home
  - Deleting Favourite Locations P. 21
- Favourites
  - Deleting Favourite Locations P. 21
- Recents
  - Recents P. 59
- myTrips
  - Deleting Saved Trips P. 25

When you transfer the vehicle to a third party, reset all settings to default and delete all personal data.

Entering a Destination

Navigation

This section describes how to enter a destination for route guidance. Select an option.

The following options are available:

• **Keyword or Address**: Sets a destination by entering a keyword or address. [Using the Search Bar](#) P. 48
• **Searching near**: Selects the town to search near. [Changing the Search Area](#) P. 49
• **Go Home**: Sets your home address as the destination. [Going Home](#) P. 8
• **Search Tools**: Sets a destination by searching for a place. [Search Tools](#) P. 51
• **Favourites**: Sets a destination by selecting a place stored in the favourite places list. [Favourites](#) P. 59
• **Recents**: Sets a destination by selecting a previous destination. [Recents](#) P. 59
• **Categories**: Sets a destination by selecting a category. [Categories](#) P. 58
• **myTrips**: Sets a destination by selecting a saved route. [myTrips](#) P. 60

The Display Audio system can only provide route guidance from one navigation system at a time. When setting a destination on one system, any active route guidance with the other system is cancelled, and the system you are currently using will direct you to your destination.

If you press the (Home) button on the steering wheel, select **Navigation** and then scroll the left selector wheel, the following items are available. Use the steering wheel buttons to select the items.

- (Go Home)
- (Saved Places)
- (Recent Destination)

When en route, (Cancel Route) is available.
• myTrends™: Sets a destination by selecting a place in the list of frequently-visited destinations.  
  ⚙️ myTrends™ P. 61
• Personalise: Adds shortcuts to the Where To? menu.  
  ⚙️ Adding Shortcuts P. 50
Entering a Destination

Using the Search Bar

You can use the search bar to search for locations by entering a keyword or address.

1. Enter a search term.
   - The search history is displayed below the search bar.
   - Suggested search terms appear below the search bar as you type.
2. Select Done or a suggested search term.
3. Select your destination from the list.
4. Select Go! to set the route to your destination.
   ➤ Calculating the Route P. 64

Using Voice Command*1

You can say the names of popular, well-known locations.

From the Voice Portal screen, say “Find Place,” then say a place name (e.g., “Honda”). Say the line number of screen (e.g., “1”). Say “Go” to set the route.

➤ Using Voice Commands*1 P. 5
➤ Voice Control Operation*1 P. 11

- To search for a type of business, enter a category name, such as “Cinemas.”
- To search for a business by name, enter all or part of the name.
- To search for an address near you, enter the street number and street name.
- To search for an address in another town, enter the street number, street name, town, and county.
- To search for a town, enter the town and county.

If you want to delete the search history, reset the navigation settings to default.

➤ Reset Factory Default Settings P. 44

You can change the sort settings.
Select and then select Sort POI Results.

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.
Changing the Search Area

Navigation ➤ Search ➤ Searching near:

By default, your system finds locations closest to your current location. You can find a location near another town or location.

Select an option.

The following options are available:

- **My Active Route**: Searches along your current route.
- **My Destination**: Searches near your current destination.
- **My Current Location**: Searches near your current location.
- **A Different Town**: Searches near the town you select.
- **Recent Places**: Searches near a recent destination.
- **Favourites**: Searches near a favourite place.

Changing the Search Area

My Active Route and My Destination can be set when the route is active.
Entering a Destination

Adding Shortcuts

Navigation ➤ 🗺 ➤ Personalise

Up to 50 shortcut icons can be stored. Select an option you want to add as a shortcut.

Deleting Shortcuts

Navigation ➤ 🗺 ➤ Remove Shortcut(s)

1. Select a shortcut to delete. ➤ Select Select All to delete all shortcuts.

2. Select Remove.
Search Tools

Find a location to set as the destination by searching for an address, junction, town, dealership, coordinates or phone number.

Select an option.

The following options are available:

- **Address**: Sets a destination by entering an address.
  - Finding an Address P. 52
- **Junctions**: Sets a destination by finding a junction.
  - Finding a Location by Junctions P. 53
- **Towns**: Sets a nearby town as the destination.

Search Tools

Finding an Address

Navigation ► Search Tools ► Address

Enter an address to use as the destination.

1. Enter the house number and street name.
   - Select Searching near: if you want to search different town.
2. Select Done or a suggestion.
3. Select your destination from the list.
4. Select Go! to set the route to your destination.
   • Calculating the Route P. 64

Using Voice Command*1

You can say the entire address at once using voice commands.
From the Voice Portal screen, say “Find Address” on the voice command screen, then say the entire address (e.g., “1-2-3-4 Main Street, London”). Say “Change Country” if you want to change the country.
The system interprets the address.
Say “Yes” or a line number of a screen if the destination list appears (e.g., “1”). Say “Go” to set the route.

• Using Voice Commands*1 P. 5
• Voice Control Operation*1 P. 11

The order of the steps may change depending on the map data loaded on your system.

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.
Finding a Location by Junctions

**Navigation ➤ Search Tools ➤ Junctions**

Select the junction of two streets as the destination.

1. Enter two street names.
   - A list of matching hits is automatically displayed after you enter several letters with the closest match at the top of the list.
2. Select **Done** or a suggestion.
3. Select the junction from the list.
4. Select **Go!** to set the route to your destination.

**Calculating the Route** P. 64

---

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.

---

**Using Voice Command**

You can find intersections by the street name using voice commands.

From the Voice Portal screen, say “Navigation.”

Say “Find Junction” on the voice command screen and then say a town name.

Say a street name 1, then say a line number of a screen (e.g., “1”).

Say a street name 2, then say a line number of a screen (e.g., “1”).

Say “Go!” to set the route.

**Using Voice Commands** P. 5

**Voice Control Operation** P. 11
Finding a Town

Selects your destination town.

1. Select a town.
   - Towns near your current position are listed. Select Enter Town and County and enter town and county names if you want to find different town.

2. Select Go! to set the route to your destination.
   - Calculating the Route P. 64
Finding a Dealership

Find any Honda authorised dealers to set as a destination.

1. Select the desired name from the list.
   - Select the search bar and enter a dealership name to narrow down the number of matches.
2. Select Go! to set the route to your destination.
   - Calculating the Route P. 64
Finding a Location Using Coordinates

You can find a location using latitude and longitude coordinates. This can be helpful when geocaching.

1. Select Change.

2. Select the latitude coordinate and enter the new coordinate. ▶ Select N/S if necessary.

3. Select the longitude coordinate and enter the new coordinate. ▶ Select E/W if necessary.

4. Select Done.

5. Select Go! to set the route to your destination.

Calculating the Route P. 64
Finding a Location by Phone Number

Navigation ➤ Search Tools ➤ Phone Number

Search for your destination by entering a phone number.

1. Enter the phone number.
   - Select **Searching in:** and select another area if you want to change the search area.

2. Select **Done** or a suggestion.

3. Select your destination from the list.

4. Select **Go!** to set the route to your destination.

**Calculating the Route** P. 64
Entering a Destination ► Categories

Categories

Select the category of a place (e.g., Restaurants, Charging Stations, Shopping) stored in the map database to search for the destination.

Finding a Location by Category

1. Select a category.
2. Select a subcategory.
   ▶ If the subcategory screen is not displayed, proceed to step 3.
3. Select a place name from the list.
4. Select **Go!** to set the route to your destination.

Calculating the Route P. 64

This option is convenient if you do not know the exact name of a place or if you want to narrow down the number of matches returned for places with a common name.
Favourites

Select a favourite location to use as the destination.

1. Select your destination from the list.
2. Select Go! to set the route to your destination.

Recents

Select a location from a list of your 50 most recent destinations to use as the destination. The list is displayed with the most recent destination at the top.

1. Select your destination from the list.
2. Select Go! to set the route to your destination.

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.

Using Voice Command*1

You can utilize a recent destination by using voice commands.
From the Voice Portal screen, say “Recent Places” on the voice command screen, then say a line number of a screen (e.g., “1”).
Say "Go" to set the route.

You can add, edit, or delete the favourite place.

Using Voice Command*1

You can utilize a favourite place by using voice commands.
From the Voice Portal screen, say “Saved Places” on the voice command screen, then say a favourite place (e.g., “Honda”).
Say "Go" to set the route.

* Languages that the voice control system recognises are English, German, French, Spanish, and Italian.

You can delete a recent destination. Select a destination to delete, then select Info > Delete > Delete.
If you want to delete all recent destinations, select in the list screen, and then select Clear All Recent Places > Clear.

Using Voice Command*1

You can utilize a recent destination by using voice commands.
From the Voice Portal screen, say “Recent Places” on the voice command screen, then say a line number of a screen (e.g., “1”).
Say "Go" to set the route.
myTrips

Set the route to your destination selecting a saved trip.

1. Select a trip.

2. Select Go! to set the route to your destination.

   - **Calculating the Route** P. 64
   - Select Route Summary to display turn-by-turn instructions and information for each turn.

You can create, edit, or delete trips.

**Saved Trips** P. 22
myTrends™

Select a frequently-visited place to use as the destination.
1. Select your destination from the list.
2. Select Go! to set the route to your destination.
   - Calculating the Route P. 64

**Predicted Destination**

When you start the vehicle, the system predicts the most-likely destination based on your travel data. It displays the notification window to offer the destination and show related information.
Select Go! to accept the predicted destination.

Set Travel Data Recording to On to use myTrends feature.
- Location History P. 42

You can delete myTrends location. Select the location to remove, select and then select Remove.
To delete all myTrends locations, select without selecting any location and then select Remove All in the myTrends list screen.

To use this feature, set Predicted Destination Alert to On.
- Location History P. 42

The notification will be queued in the queue indicator after a certain period of time. Select the indicator to display the predicted destination.
Search Station

Find a nearby charging station to set as the destination.
1. Select a station name from the list.
2. Select Go! to set the route to your destination.
Map Input

Navigation

Scroll the map to manually select an icon or a location as the destination.

1. Tap on the map screen and then select any point on the map, a street, junction, or category icon.
   - Return to the current location when you select or Navigation.
2. Select Go! to set the route to your destination.
   - Calculating the Route P. 64

Map Input

You can customize the map as you like using +, - , , , or .

Map Operation P. 74
Calculating the Route

This section describes how to calculate your route.

Select Go!. The system calculates and displays the route line on the map screen.

The following options are available:

- **Explore This Venue**: Displays a list of all POIs within the venue. This option is available for some multiple facilities, such as hospitals or shopping centres.
- **Routes**: Displays different routes.
  - Viewing and Selecting the Routes P. 65
- **Info**: Displays detailed location information.
  - Viewing the Location Information P. 66

Calculating the Route

If the route is very long, the system will calculate the route to the first guidance point and start the guidance. The system will then continue calculation to final destination as you proceed.

Select to view the map with the location centred.
Viewing and Selecting the Routes

View and select different routes to your destination.

1. Select your desired route.
   - The estimated arrival time and travel distance are displayed for each route.

2. Select Go!.
   - The system calculates and displays the route line on the map screen.
Viewing the Location Information

1. Select an option.
2. Select Go!
   - The system calculates and displays the route line on the map screen.

The following options are available:
- **Save**: Adds the destination to the favourite location list.
  - [Favourite Locations](#) P. 19
- **Set Location**: Sets the vehicle position when you are indoors or not receiving satellite signals.
  - You can use this feature when [GPS Simulator](#) is set to on.
  - [Navigation](#) P. 33
- **Routes**: Displays different routes to the destination.
  - [Viewing and Selecting the Routes](#) P. 65
- **Route Settings**: Changes the route preferences.
  - [Navigation](#) P. 33
Driving to Your Destination

Viewing the Route

This section describes how to follow the route guidance to your destination.

Map Screen

After calculating the route to your destination, the route is displayed on the map screen.

- During Route Guidance P. 7

As you drive, the system tracks your position on the map in real time and provides guidance as you approach each guidance point on the route.

1. Next guidance indicator
2. Queue indicator
3. Dashboards
4. Speed limit icon

The following options are available:

- Select the next guidance indicator to replay the voice guidance for the next manoeuvre.
- Select the text bar on the top of the map to display the turn list screen.
  - Turn List Screen P. 69
- Select the queue indicator to display queued notifications.
  - Alert and Notification Banners P. 70
- Select  to display the map tools window.
  - Map Tools P. 75

Viewing the Route

When your phone is connected to Hands-Free Telephone System, the navigation screen will switch to the incoming call screen when receiving a call.

Speed limit icon

The speed limit shown on the map may be different from the actual speed limit. The speed limit icon is not displayed on all roads.

Select the vehicle icon to view the Where Am I? screen.

- Viewing the Current Location Information P. 78

You can stop your vehicle en route (e.g., to rest, stop for charge, etc.), and then continue on your route.

If you did not complete your route, the navigation restarts when you restart your vehicle.

The next guidance indicator does not appear in the following cases.

- The vehicle speed is 4.8 km/h (3 mph) or less
- The GPS signal is weak
- The vehicle position on the map and current vehicle position do not match

Driving to Your Destination ➤ Viewing the Route

• Select ☐ to cancel the route guidance and remove your current route.  
  Cancelling Your Route P. 10
• Select the map dashboards when you want to change the information that is displayed. Select the following options:  
  Elevation, Direction, Location, Arrival, Distance, Arrive In, Via Arrival, Via Distance, Via In.

Junction View Screen

The junction view screen displays a view of the upcoming junction and which lane you should be driving.

Viewing the Route

Turn-by-Turn Directions

The next guidance point appears on the Driver Information Interface. The Turn-by-Turn directions may not be displayed if the information cannot be received correctly.
Driving to Your Destination

Viewing the Route

- **Turn List Screen**
  The turn list screen displays turn-by-turn instructions and the distance between turns.
  
  **1.** Select the text bar on the top of the map.
  **2.** Select a turn to display on the map.

- **Full Route Screen**
  The full route screen displays the entire route and current vehicle position.
  
  **1.** Select the text bar on the top of the map.
  **2.** Select .
  **3.** Select View Full Route.

When you are on the multi-destination route, the list is separated for each route leg. You can skip from the current route leg to another route leg by selecting Go! displayed on the top of each route leg.
Alert and Notification Banners

The slide-in banner appears on the top of the map screen when the system provides an alert or notification.

School Zone Proximity Alert
A proximity alert for school zone is displayed when the system receives the information. Select the banner to display the distance to the alert point, speed limit, and map preview with the alert point centred.

Parking Reminder Notification
A parking reminder notification is displayed when you approach your destination. Select the banner to display the list of parking near the destination.

Alert and Notification Banners

After a certain time of period, the alert or notification is queued in the queue indicator. You can view the alert or notification again by selecting the queue indicator. If the notifications centre window is displayed, select the notification from the list.
**Off-Road Breadcrumbs Display**

If you set the off-road breadcrumbs to show, a series of lines (breadcrumbs) are displayed to track your movement on an off-road.

* Map Layer P. 31

**Deviating From the Planned Route**

If you leave the calculated route, the system automatically recalculates a route to the set destination based on your current location and direction.

If your vehicle is off a road segment, the system shows a dotted line indicating the direction back to the calculated route.

You can delete the off-road breadcrumbs.

* Location History P. 42
* Reset Factory Default Settings P. 44
Traffic Information

When you set the traffic feature, the system examines traffic conditions and optimises the route for the shortest time. If a severe traffic delay occurs while you are navigating, the system searches for a faster route. If it finds one, the system will automatically alter the route and display the reroute notification banner on the map screen.

The system may route you through a traffic delay if a better alternative route does not exist. The delay time is added into your estimated time of arrival automatically.

Select the reroute notification banner to view the saved time and avoided traffic events.

► Select **Use Original Route** to use the original route.

### Viewing Traffic Alert

The traffic alert window is displayed on the map screen when traffic may cause a delay.

Select the window to view detailed information and the map.
Driving to Your Destination ➤ Traffic Information

Viewing Traffic Delays Manually

Navigation ➤ Traffic

View the traffic flow and delays on nearby roads. Select the traffic information window to view detailed information and map.

Viewing Traffic Legends

Navigation ➤ Traffic ➤ Traffic Map ➤ Traffic Legend

See an overview of the icons and colours used on the traffic map. The system displays the traffic legend.
Map Operation

Customise the map, set a destination, and save a place from the map.

1. Select any point on the map.
2. Select an option.
   - If you want to set a destination or save a location in the map, scroll the map and select the desired location.

Saving a Favourite Location
   Manually P. 19
   F Map Input P. 63

The following options are available:
- ➕: Zooms in to an area.
- ➖: Zooms out of an area.
- ←: Returns you to your current position.
- ➕/ ➖: Switches the view from 2D to 3D or vice versa.
- ➔: Rotates the map in 3D view.
- ➦: Sets the data that appears on the map.

F Map Layer P. 31
Map Tools

Select an option.

The following options are available:

- **Detour**: Calculates a detour route. [Taking a Detour P. 80]
- **Exit Services**: Displays a list of the exit services for the route. [Viewing Exit Services P. 76]
- **Up Ahead**: Displays the list of upcoming services along the road where you are travelling. [Viewing Services Up Ahead P. 77]
- **Traffic**: Displays traffic information. [Traffic Information P. 72]
- **Where Am I?**: Displays the information about your current location. [Viewing the Current Location Information P. 78]
- **Settings**: Changes settings for navigation functions. [System Setup P. 15]
- **Range Map**: Select this icon to view the estimated drivable range.
Viewing Exit Services

You can view exit services (e.g., whether the exit is near charging stations, restaurants, etc.) and add new destinations or waypoints to the calculated route.

1. Select an exit.
2. Select a category.
3. Select a service.
4. Select an option.

**Calculating the Route** P. 64
**Adding Waypoints** P. 81
Viewing Services Up Ahead

Navigation ➤ 🍃 ➤ Up Ahead

You can view the list of upcoming services along the road where you are travelling.

1. Select a category.
2. Select a service from the list.
3. Select an option.
   - Calculating the Route P. 64
   - Adding Waypoints P. 81

Customising the Up Ahead Categories

You can change the category to display.

1. Select 🍃 in the service list screen.
2. Select Up Ahead Options.
3. Select the category to change.
4. Select a category to display.
   - Select a subcategory if necessary.
   - Select Custom Search, and enter the category to create a custom category.

Viewing Services Up Ahead

You can change the sort settings. Select 🍃 in the service list screen, select Sort POI Results and then select an option.

Customising the Up Ahead Categories

You can change the order of categories. Select and hold 🍃, ⬇️ or ⬆️ and then move the category to the desired position.
Viewing the Current Location Information

Navigation ➤ Where Am I?

You can confirm your current location, address, and nearest junction. Select an option.

The following options are available:

- **Save**: Saves your current location. 
  - Saving Your Current Location P. 20
- **Hospitals/Police Stations/Charging Stations/Tow Services**: Searches for a hospital, police station, charging station or tow service around your current location.
  - Searching Near Establishment P. 86

Vehicle position may not be displayed when:

- The vehicle is travelling off-road.
- The vehicle position data cannot be updated.

When you deviated from the planned route, the closest route-able road is also displayed.
Stopping the Route

Stop the route guidance and remove the destination and all waypoints. Select “Stop route”.

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.
Taking a Detour

Calculates a new route to avoid something ahead of you. The system creates a new route if possible. The system attempts to get you back on your original route as quickly as possible.

Taking a Detour Around Specified Areas

You can take a detour for a specified distance along your route or detour around specific roads. This is useful if you encounter construction zones, closed roads, or poor road conditions.

Select an option.

The following options are available:

- **Skip Next Turn**: Calculates a new route by avoiding the next turn on your route.
- **1 km (0.5 mi.)**: Calculates a new route by avoiding the next 1 kilometre (0.5 mile) on your route.
- **3 km (2 mi.)**: Calculates a new route by avoiding the next 3 kilometres (2 miles) on your route.
- **8 km (5 mi.)**: Calculates a new route by avoiding the next 8 kilometres (5 miles) on your route.

*1: Languages that the voice control system recognises are English, German, French, Spanish, and Italian.
Adding Waypoints

Add waypoints (pit stops) along the route to your destination.

1. While en route, select a search method to add a new destination or waypoint.
   - **Entering a Destination** P. 46
2. Select a place. Select Go!
3. Select Add as Next Stop or Add to Active Route.
   - Select Add as Next Stop to set the location as your next waypoint. The route is automatically recalculated and displayed on the map screen.
   - If selecting Add to Active Route, proceed to steps 4 and 5.
4. Select and hold , or and then move the destination to the desired position.
5. Select Go!
   - The route is automatically recalculated and displayed on the map screen.

**Adding Waypoints**

When you add a waypoint, the system may take some time to update the arrival time.

Select **Start New Route** to set the location as your new destination.
Select **Add as Last Stop** to add the location to the end of your route.

**Entering a New Destination** P. 88
Changing Your Route  Editing the Route

Editing the Route

You can edit destinations on your route and save the route as your favorite trip.

Reordering Destinations

1. Select the text bar on the top of the map.
2. Select .
3. Select Edit Destinations.

4. Select and hold , or and then move the destination to the desired position.
   - Select Add Destinations to add a new location.
5. Select the (Back) icon.
   - The route is automatically recalculated.
Deleting a Destination

Navigation

1. Select the text bar on the top of the map.
2. Select .
3. Select Edit Destinations.
4. Select .
5. Select Remove Destinations.
6. Select the location to delete.
   - Select Select All to delete all destinations.
7. Select Remove.
8. Select the (Back) icon.
   - The route is automatically recalculated.
Changing Your Route

### Editing the Route

**Navigation**

You can add the current route to your myTrips list.

1. Select the text bar on the top of the map.
2. Select .
3. Select Save Route.

4. Enter a name.
5. Select Done.

**Saving Your Current Route**

You can use the saved trip from your myTrips screen.

- **myTrips** P. 60

You can also save your current route from your myTrips screen. Select on the routing map, and then select myTrips. Select Save.
Changing Your Destination

Selecting a Destination on the Map

Select a new destination when en route by selecting a location on the map.

1. Select any point on the map, or a street, junction, or category icon.
2. Select Go!.
3. Select an option.

The following options are available:

- **Start New Route**: Sets the location as your new destination.
- **Add as Next Stop**: Sets the location as the next waypoint.
- **Add as Last Stop**: Adds the location as your last destination.
- **Add to Active Route**: Sets the location as the waypoint and edits the order of destinations in your route.

Read more about **Adding Waypoints** on page 81.
Changing Your Destination

Searching Near Establishment

**Navigation**

Search for a hospital, police station, charging station or tow service around your current location.

1. Select your vehicle icon.
   ▶ You can also confirm your current location, address, and nearest junction.
2. Scroll down to the bottom, and then select a category type.
3. Select a place.
4. Select **Go!**

You can also search for nearby establishment by selecting 📍 on the map screen and select **Where Am I?**.
5. Select an option.

The following options are available:

- **Start New Route**: Sets the location as your new destination.
- **Add as Next Stop**: Sets the location as the next waypoint.
- **Add as Last Stop**: Adds the location as your last destination.
- **Add to Active Route**: Sets the location as the waypoint and edits the order of destinations in your route.

[Adding Waypoints](#) P. 81
Entering a New Destination

Enter a new destination using the destination menu screen even when you are en route.

1. Select a search method to enter a new destination.

   ✶ Entering a Destination P. 46

2. Select a place and then select Go!.

3. Select an option.

The following options are available:

- **Start New Route**: Sets the location as your new destination.
- **Add as Next Stop**: Sets the location as the next waypoint.
- **Add as Last Stop**: Adds the location as your last destination.
- **Add to Active Route**: Sets the location as the waypoint and edits the order of destinations in your route.

Please consult your dealer.  
[GPS](#) P. 96                                                                 |
| How do I stop the map from rotating as I drive along?                  | 1. Select **Navigation** > **Settings** > **Map and Vehicle** > **Driving Map View**.  
2. Check that **Driving Map View** is set to **Track Up** or **3D**.  
3. Select **North Up** and then select **Save**.                                                                                       |
| The “Arrival time” display sometimes increases even though I am getting closer to my destination. | The “Arrival time” is based on the speed limit on each road. Depending on the traffic conditions, the “Arrival time” may be calculated to be earlier or later. |
| My elevation (shown when I display the current position) seems to fluctuate even though my elevation has not changed. | This is normal. The elevation can vary ±30 m (100 ft) due to GPS calculation errors.  
[GPS](#) P. 96                                                                 |
| My elevation is missing on the “current position” screen.             | The elevation is only displayed if the GPS antenna can receive signals from at least four satellites. Try moving the vehicle into an open area. The elevation is also not displayed if the calculated elevation is zero or below sea level. |
## Troubleshooting

### Update, Coverage, Map Errors

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>My town is not part of a fully verified detailed coverage area.</td>
<td>The mapping database is constantly undergoing revision.</td>
</tr>
<tr>
<td>Does the navigation system work outside Europe?</td>
<td>The system contains maps for Albania, Andorra, Austria, Azores Islands, Balearic Islands, Belarus, Belgium, Bosnia/Herzegovina, Bulgaria, Canary Island (Gran Canaria/Tenerife), Channel Islands, Croatia, Cyprus, Czech, Denmark, Estonia, Finland, France, French Guiana, Germany, Gibraltar, Greece, Guadeloupe, Hungary, Iceland, Ireland, Isle of Man, Italy, Kosovo, Latvia, Liechtenstein, Lithuania, Luxembourg, Macedonia, Madeira, Malta, Martinique, Melilla, Moldova, Monaco, Montenegro, Norway, Poland, Portugal, Reunion, Romania, Saint Barthelme, San Marino, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, The Netherlands, Turkey, Ukraine and United Kingdom. The navigation system will not work in other countries.</td>
</tr>

</table>
## Miscellaneous Questions

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>My clock frequently changes forward and backward by one hour.</td>
<td>The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update is the likely reason.</td>
</tr>
<tr>
<td>How do I change the interface language?</td>
<td>Select <strong>General Settings &gt; System &gt; Language</strong>. Select the desired language for system language. For more information, see the Owner's Manual.</td>
</tr>
</tbody>
</table>
System Limitations

GPS

The signals received from GPS satellites are extremely weak (less than a millionth of the strength of a local FM station) and require an unobstructed view of the sky. GPS antenna is located in the dashboard. The signal reception can easily be interrupted or interfered with by the following:

- Metallic window tint on the front or side windows
- Mobile phones, PDAs, or other electronic devices docked in a cradle or lying loose on the dashboard
- Remote starters or “hidden” vehicle tracking systems mounted near the navigation unit
- Audio electronic devices mounted near the navigation unit
- Trees, tall buildings, highway overpasses, tunnels, or overhead electrical power wires

GPS is operated by the U.S. Department of Defense. For security reasons, there are certain inaccuracies built into GPS for which the navigation system must constantly compensate. This can cause occasional positioning errors of up to several hundred feet (meters).

Address Calculation

The destination icon shows only the approximate location of a destination address. This occurs if the number of possible addresses is different from the number of actual addresses on a block. For example, the address 1425 on a 1400 block with 100 possible addresses (because it is followed by the 1500 block) will be shown a quarter of the way down the block by the system. If there are only 25 actual addresses on the block, the actual location of address 1425 would be at the end of the block.

Database

The digitized map database reflects conditions as they existed at various points in time before production. Accordingly, your database may contain inaccurate or incomplete data or information due to the passage of time, road construction, changing conditions, or other causes.

For example, some places/landmarks may be missing when you search the database because the name was misspelled, the place was improperly categorized, or a place/landmark is not yet in the database. This is also true for police stations, hospitals, and other public institutions. Do not rely on the navigation system if you need law enforcement or hospital services. Always check with local information sources.
The database does not include, analyze, process, consider, or reflect any of the following categories of information:
- Neighborhood quality or safety
- Population density
- Availability or proximity of law enforcement
- Emergency, rescue, medical, or other assistance
- Construction work, zones, or hazards
- Road and lane closures
- Legal restrictions (such as vehicular type, weight, load, height, and speed restrictions)
- Road slope or grade
- Bridge height, width, weight, or other limits
- Traffic facilities safety
- Special events
- Pavement characteristics or conditions

Every effort has been made to verify that the database is accurate. The number of inaccuracies you experience increases the longer you go without obtaining an updated map database.

**Obtaining a Navigation Update** P. 98

We assume no liability for any incident that may result from an error in the program, or from changed conditions not noted above.
Resolving Problems
If you run into a specific issue that you cannot resolve, consult the following help resources:
- For navigation system issues: Troubleshooting P. 90
  Or, please contact your dealer.
- For traffic-related issues: Traffic P. 91
- For reporting issues with the database or places/landmarks:
  Call Honda Automobile Customer Service.

Obtaining a Navigation Update
Honda is continuously updating the navigation system. Navigation system software is usually updated annually. Please contact your Honda dealer for further information regarding the update program available for your vehicle.

Honda Automobile Customer Service Contact Information
Please contact your dealer.

Visiting Your Dealer
If you have a question that you cannot resolve using the available help resources, you can consult your dealer. Please identify the specific issue (e.g., error occurs when you enter a specific address, when driving on a certain road, or just when it’s cold) so that the service advisor can refer the issue to the factory so that a solution can be found. Be patient, the service advisor may be unfamiliar with your specific issue.

Map Coverage
The navigation system provides map coverage for Albania, Andorra, Austria, Azores Islands, Balearic Islands, Belarus, Belgium, Bosnia Herzegovina, Bulgaria, Canary Island (Gran Canaria/Tenerife), Channel Islands, Croatia, Cyprus, Czech, Denmark, Estonia, Finland, France, French Guiana, Germany, Gibraltar, Greece, Guadeloupe, Hungary, Iceland, Ireland, Isle of Man, Italy, Kosovo, Latvia, Liechtenstein, Lithuania, Luxembourg, Macedonia, Madeira, Malta, Martinique, Melilla, Moldova, Monaco, Montenegro, Norway, Poland, Portugal, Reunion, Romania, Saint Barthelme, San Marino, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, The Netherlands, Turkey, Ukraine and United Kingdom.

Traffic Information
Continuously updated traffic information is available in major metropolitan areas.
End User License Agreement

The infotainment system you have purchased for your vehicle may contain a navigation solution ("Navigation Solution"). The software embedded in the Navigation Solution (the “Software”) is owned by the navigation solution provider or its subsidiaries (collectively, “Navigation Provider”). The map data that may be embedded in your Navigation Solution or downloaded separately (the “Map Data”) is either owned by the Navigation Provider, or by HERE North America LLC and/or its affiliates (“HERE”) or another third party and licensed to the Navigation Provider. The Navigation Provider also owns, or licenses from third party providers, information, traffic data, text, images, graphics, photographs, audio, video, images and other applications and data that may be embedded in the Navigation Solution, or downloaded separately (“Other Content”). The Map Data and Other Content are collectively the “Content”. The Navigation Provider Products are protected under copyright laws and international copyright treaties. The Navigation Provider Products are licensed, not sold. The structure, organization and code of the Software are valuable trade secrets of the Navigation Provider and/or its third-party providers. The Navigation Provider Products are each provided under this License Agreement and are subject to the following terms and conditions which are agreed to by End User (“you” or “your”), on the one hand, and the Navigation Provider and its licensors and affiliated companies of the Navigation Provider and its licensors, on the other hand. The Navigation Provider’s licensors, including the licensors, service providers, channel partners, suppliers and affiliated companies of the Navigation Provider and its licensors, are each a direct and intended third party beneficiary of this Agreement and may enforce their rights directly against you in the event of your breach of this Agreement.

IMPORTANT: CAREFULLY READ THIS ENTIRE LICENSE AGREEMENT BEFORE PURCHASING OR USING YOUR NAVIGATION SOLUTION OR CONTENT. PURCHASING, INSTALLING, COPYING, OR OTHERWISE USING YOUR NAVIGATION SOLUTION OR CONTENT CONSTITUTES YOUR ACKNOWLEDGMENT THAT YOU HAVE READ THIS LICENSE AGREEMENT AND AGREE TO ITS TERMS AND CONDITIONS.

License Terms and Conditions

The Navigation Provider grants you a limited, non-exclusive license to use the applicable Navigation Provider Product in accordance with the terms of this Agreement. You agree to use the applicable Navigation Provider Product for solely personal use, or if applicable, for use in your business’ internal operations, and not for service bureau, time-sharing, resale or other similar purposes. You agree not to otherwise reproduce, archive, copy, modify, decompile, disassemble, reverse engineer or create derivative works of any portion of the Navigation Solution, and may not transfer or distribute it in any form, for any purpose, except to the extent permitted by mandatory laws. The Navigation Provider also reserves the right to discontinue offering any Content supplied by any third party supplier if such supplier ceases to supply such content or the Navigation Provider’s contract with such supplier terminates for any reason.
Restrictions. Except where you have been specifically licensed to do so by Navigation Provider, and without limiting the preceding paragraphs, you may not use the Navigation Provider Products with any products, systems, or applications installed or otherwise connected to or in communication with vehicles, and which are capable of dispatch, fleet management or similar applications where the Content is used by a central control center in dispatching a fleet of vehicles. In addition, you are prohibited from renting or leasing the Navigation Provider Products to any other person or third party.

You agree to be fully responsible for your own conduct and content while using the Software and for any consequences thereof. You agree to use the Software only for purposes that are legal, proper and in accordance with this Agreement and any applicable policies or guidelines. By way of example, and not as a limitation, you agree that when using the Software, You will not:

- upload, post, email or transmit or otherwise make available content that infringes any patent, trademark, copyright, trade secret or other proprietary right of any party, unless you are the owner of the rights or have the permission of the owner to post such Content;
- use the Software or other content for any illegal or unauthorized purpose; or
- transmit any viruses, worms, defects, Trojan horses, or any items of a destructive nature.

In the event that you are located outside of the United States, you agree to comply with any laws, rules or regulations in your locale or in the location of your web server regarding online conduct and acceptable content, including laws regulating the export of data to the United States or your country of residence.

No Warranty. The Navigation Provider Products are provided to you “as is,” and you agree to use them at your own risk. The Navigation Provider and its licensors, including the licensors, service providers, channel partners and suppliers, and affiliated companies of Navigation Provider and its licensors, make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, merchantability, fitness for a particular purpose, usefulness, use or results to be obtained from the Navigation Provider Products, or that the Content or server will be uninterrupted or error-free. The Navigation Provider Products are intended to be used only as supplementary travel aids and must not be used for any purpose requiring precise measurement of direction, distance, location or topography. THE NAVIGATION PROVIDER MAKES NO WARRANTY AS TO THE ACCURACY OR COMPLETENESS OF THE MAP DATA OR OTHER CONTENT.

Disclaimer of Warranty. THE NAVIGATION PROVIDER AND ITS LICENSORS, INCLUDING THE LICENSORS, SERVICE PROVIDERS, CHANNEL PARTNERS, SUPPLIERS AND AFFILIATED COMPANIES OF THE NAVIGATION PROVIDER AND ITS LICENSORS, DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT OF THE NAVIGATION PROVIDER PRODUCTS. NO ORAL OR
WRITTEN ADVICE OR INFORMATION PROVIDED BY THE NAVIGATION PROVIDER OR ITS SUPPLIERS AND LICENSORS SHALL CREATE A WARRANTY, AND YOU ARE NOT ENTITLED TO RELY ON ANY SUCH ADVICE OR INFORMATION. THIS DISCLAIMER OF WARRANTIES IS AN ESSENTIAL CONDITION OF THIS AGREEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

Disclaimer of Liability. THE NAVIGATION PROVIDER AND ITS LICENSORS, INCLUDING THE LICENSORS, SERVICE PROVIDERS, CHANNEL PARTNERS, SUPPLIERS AND AFFILIATED COMPANIES OF THE NAVIGATION PROVIDER AND ITS LICENSORS, SHALL NOT BE LIABLE TO YOU: IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THE NAVIGATION PROVIDER PRODUCTS; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF OR INABILITY TO USE THE NAVIGATION PROVIDER PRODUCTS, ANY DEFECT IN THE CONTENT OR INFORMATION, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY AND WHETHER RESULTING FROM THE USE, MISUSE, OR INABILITY TO USE THE NAVIGATION PROVIDER PRODUCTS OR FROM DEFECTS OR ERRORS IN THE APPLICATION, EVEN IF GARMIN OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE NAVIGATION PROVIDER’S AND ITS LICENSORS’ TOTAL AGGREGATE LIABILITY WITH RESPECT TO ITS OBLIGATIONS UNDER THIS LICENSE AGREEMENT OR OTHERWISE WITH RESPECT TO THE APPLICATION OR THE CONTENT SHALL NOT EXCEED $1.00. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

ANY CONTENT OR MATERIAL DOWNLOADED OR UPLOADED OR OTHERWISE OBTAINED THROUGH THE SOFTWARE IS DONE AT YOUR OWN DISCRETION AND RISK. YOU WILL BE SOLELY RESPONSIBLE FOR ANY DAMAGE TO YOUR ELECTRONIC COMMUNICATION DEVICE OR ANY LOSS OF DATA THAT MAY RESULT FROM THE DOWNLOAD OR UPLOAD OF ANY SUCH CONTENT OR MATERIAL OR THE USE OF THE SOFTWARE.

Predictive Routing. Your Navigation Solution may have a “predictive routing” feature called myTrends that identifies your driving routines. If it does have this feature, when your device predicts a route, it will display your estimated time to destination and relevant traffic information regarding the predicted route. Information related to your driving routines would be accessible to any other person who uses your device. If you do not want your device to predict your routes or display information related to predicted routes, you may turn off myTrends by accessing your navigation system’s Settings menu.
Disclaimer of Endorsement; Change of Content Providers. Reference to any products, services, processes, hypertext links to third parties or other Content by trade name, trademark, manufacturer, supplier or otherwise does not necessarily constitute or imply its endorsement, sponsorship or recommendation by the Navigation Provider or its licensors. Product and service information are the sole responsibility of each individual vendor. The HERE name and logo, the HERE and HERE ON BOARD trademarks and logos, and other trademarks and trade names owned by HERE North America LLC may not be used in any commercial manner without the prior written consent of HERE. Content providers may be changed by the Navigation Provider during the term of this Agreement, and your experience with the Content provided by a new provider may not duplicate your experience with the previous Content supplier.

Export Control. You agree not to export from anywhere any part of the Content or any direct product thereof except in compliance with and with all licenses and approvals required under, applicable export laws, rules and regulations.

Legal Compliance. You represent and warrant that (i) you are not located in a country that is subject to a U.S. Government embargo, or has been designated by the U.S. Government as a “terrorist supporting” country, and (ii) you are not listed on any U.S. Government list of prohibited or restricted parties.

Indemnity. You agree to indemnify, defend and hold the Navigation provider and its licensors, including the respective licensors, service providers, channel partners, suppliers, assignees, subsidiaries, affiliated companies, and the respective officers, directors, employees, shareholders, agents and representatives of the Navigation Provider and its licensors, free and harmless from and against any liability, loss, injury (including injuries resulting in death), demand, action, cost, expense, or claim of any kind or character, including but not limited to attorney's fees, arising out of or in connection with any use or possession by you of the Navigation Provider Products.

Map Data. Use of the Map Data is subject to certain restrictions and/or requirements imposed by third party suppliers and/or governmental or regulatory authorities, and in the case of HERE Data, as further set forth at http://corporate.navteq.com/supplier_terms.html.

Term. This Agreement is effective until such time as (i) if applicable, your subscription term is either terminated (by you or by the Navigation Provider) or expires, or (ii) Navigation Provider terminates this Agreement for any reason, including, but not limited to, if the Navigation Provider finds that you have violated any of the terms of this Agreement. In addition, this Agreement shall terminate immediately upon the termination of an agreement between the Navigation Provider and any third party from whom the Navigation Provider (a) obtains services or distribution necessary to support the Navigation Provider Products, or (b) licenses Content. You agree, upon termination, to destroy all copies of the Content. The Disclaimers of Warranty and Liability set out above shall continue in force even after any termination.
Entire Agreement. These terms and conditions constitute the entire agreement between the Navigation Provider and its licensors, including the licensors, service providers, channel partners, suppliers and affiliated companies of the Navigation Provider and its licensors, and you pertaining to the subject matter hereof, and supersede in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

Governing Law.

(a) For European Union HERE Data

The above terms and conditions shall be governed by the laws of the Netherlands, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of the Netherlands for any and all disputes, claims and actions arising from or in connection with the HERE Data provided to you hereunder.

(b) For North American HERE Data and other non-European Union HERE Data

The above terms and conditions shall be governed by the laws of Illinois, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of Illinois for any and all disputes, claims and actions arising from or in connection with the HERE Data provided to you hereunder.

(c) For disputes, claims and actions not related to the HERE Data

The above terms and conditions shall be governed by the laws of Kansas, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of Kansas for any and all disputes, claims and actions arising from or in connection with the Application or Content. Any translation of this Agreement from English is provided as a convenience only. If this Agreement is translated into a language other than English and there is a conflict of terms between the English version and the other language version, the English version will control.

Map Data Government End Users. If End User is an agency, department, or other entity of the United States Government, or funded in whole or in part by the U.S. Government, then use, duplication, reproduction, release, modification, disclosure or transfer of the Map Data is subject to restrictions as set forth in DFARS 252.227-7014(a)(1) (JUN 1995) (DOD commercial computer software definition), DFARS 27.7202-1 (DOD policy on commercial computer software), FAR 52.227-19 (JUN 1987) (commercial computer software clause for civilian agencies), DFARS 252.227-7015 (NOV 1995) (DOD technical data - commercial items clause); FAR 52.227-14 Alternates I, II, and III (JUN 1987) (civilian agency technical data and noncommercial computer software clause); and/or FAR 12.211 and FAR 12.212 (commercial item acquisitions), as applicable. In case of conflict between
any of the FAR and DFARS provisions listed herein and this License Agreement, the construction that provides greater limitations on the Government’s rights shall control. The contractor/manufacturer is HERE North America LLC, 425 West Randolph Street, Chicago, Illinois 60606 USA.

HERE is a trademark in the U.S. and other countries. All other company names and trademarks mentioned or referenced in this documentation are the properties of their respective owners. All rights reserved.
