

HONDA

Robotic Lawnmowers

When we designed our range of gardening products we looked at your life from every angle.

Everything we learn from everything we do, goes into the development of our lawn and garden products, allowing us to create new technologies and new ways of solving problems. Not only making them the very best they can be, but making them a joy to use and own. So it's not just clever engineering, it's **ENGINEERING FOR** *Life*

Small Miimo Range

Our Small Miimo range takes the effort out of lawn maintenance, ensuring your garden looks pristine every day. An intelligent robotic mower, which calculates your garden's size, learns its layout and works out a mowing calendar all on its own. With the power to mow areas of up to 700 m², there's no easier way to keep your lawn in perfect condition all year round.

Mii-monitor app*

Our smartphone app makes it easy to control Small Miimo's cutting habits. You can see when and how often it plans to mow your lawn – and make any adjustments you need to, from wherever you are.

Miimo House

This optional accessory, with its robust build and steel base plate, will protect your Miimo from the long-term effects of UV rays and adverse weather conditions, while it is docked. The roof can be easily inclined for easy access to the display.

Logical Cutting Pattern

Small Miimo systematically mows your lawn in 5m stripes, cutting efficiently and heading directly to the docking station when its done.

THE RANGE

HRM 40

HRM 40 LIVE

HRM 70 LIVE

SMALL MIIMO FEATURES

Smartphone App*

A simple and intuitive interface that allows you to review and control Miimo's cutting schedule, wherever you are.

Automatic Charging System

Small Miimo works for as long as you want. When needed, it heads directly to the docking station to recharge itself then gets straight back to work.

Micro Mulching

Small Miimo cuts grass clippings into minute particles so they drop down through the grass and act as fertiliser. No more walking grass through the house.

Map & Mow

Using the simple 4 step set up process, Map & Mow will calculate your garden size and create a mowing calendar. With logical cutting, it is the most intelligent way to manage small gardens.

Weatherproof

Small Miimo is IPX4 weatherproof and can tackle most wet weather conditions.

Amazon Alexa*

Small Miimo now works with Amazon Alexa, so it can take its orders verbally and notify you of its current status and next mowing schedule, making it even easier to achieve that flawlessly cut lawn.

SmartTimer*

Small Miimo can choose the best times to mow, based on real-time weather information, for example Miimo knows when your grass is growing rapidly and will automatically mow.

Place & Mow

Small Miimo can mow in small, hard to reach spaces, such as under garden furniture, by manually activating Miimo to mow in a precise area.

Selectable Border Cut**

Selectable border cut gives you the control to choose how often you would like Small Miimo to trim the edge of your lawn, giving your garden a tidy finish all year round.

Place & Mow

Place & Mow allows you to mow those specific small sections which Small Miimo hasn't been able to reach, such as garden furniture areas, in either a 2 x 2 m² or 3 x 3 m² with the HRM 40 models and 4 x 4m² with the HRM 70 Live.

Amazon Alexa*

Small Miimo now works with Amazon Alexa, so you can easily ask Small Miimo to start mowing your grass, pause or return to base and check the mowing status.

Smart Timer*

In deciding when to mow, Small Miimo takes the weather into account – so it won't try to mow your lawn during heavy rain, or if it's been so dry that your grass won't have had the chance to grow.

Map & Mow

Through a simple set up process, Small Miimo will map your garden's layout, then calculate its size and create a mowing calendar. It knows when its power is running low and will always return to base in time to recharge, once charged Small Miimo will begin mowing from where it stopped.

*Available on HRM 40 Live and HRM 70 Live only.

NEW

The smart solution for the perfect lawn

Small Miimo is the smartest way to achieve the perfect lawn – and to keep it that way every day, all year round.

It begins by mapping your entire lawn, then calculating its size before creating a bespoke mowing calendar. Thanks to its Smart Timer*, it will allow for changes in the weather and the speed at which your grass grows – and even stay in its base during heavy rain, to avoid damage.

With the ability to cut in a logical pattern, Small Miimo can cut stripes into your lawn quickly and efficiently, and for those small spaces which Small Miimo hasn't been able to reach, such as garden furniture areas, Place & Mow allows you to cut specific sections with ease. Plus, thanks to a new brushless motor, HRM 70 Live is better equipped to handle tougher conditions, making it more efficient and, with a longer extension cable of 12m, you'll have more freedom to install it in a place that fits your garden.

With the Mii-monitor app*, you can also see how often Small Miimo plans to mow and make adjustments at any time. And you can even control Small Miimo with your voice, as both the HRM 40 Live and HRM 70 Live now work with Amazon Alexa*.

Miimo HRM 310/520/3000

Miimo is our range of clever robotic lawnmowers that are completely autonomous and can look after your lawn without any assistance.

Flexible Docking System*

Miimo's unique docking station can be installed in any location on your lawn, whether this is under a bush, down a narrow strip of grass or in a tight corner - allowing you to position it discretely in your garden.

Mii-monitor App*

An intuitive and easy to use interface, which allows you to modify your Miimo's set-up via Bluetooth™ on your smartphone.

Waterproof

Miimo is fully waterproof and can tackle any weather, automatically mowing more often when grass is growing rapidly. The HRM 3000 can even be washed with a hose pipe.

THE RANGE

HRM 310

HRM 520

HRM 3000

MIIMO FEATURES

Flexible Docking*

Flexible docking allows you to position the docking station in a variety of positions in your garden, including corners, narrow passages or on your patio.

Advanced Waterproofing*

Not only is Miimo safe to use in the rain (all models are weatherproof), the HRM 3000 can even be washed with a hose pipe.

Smartphone App*

A simple and intuitive interface that allows you to control Miimo via Bluetooth™ with your smartphone.

Electric Cutting Height Adjuster*

The cutting height can be adjusted electronically, directly from the smartphone app.

Automatic Charging System

Miimo works for as long as you want. When needed, it heads off to recharge itself then gets straight back to work.

Micro Mulching

Miimo cuts grass clippings into minute particles so they drop down through the grass and act as fertiliser. No more walking grass through the house.

Zone Management

Zone management allows you to control when and where Miimo mows, to ensure complete coverage of your lawn, even in hard to reach areas.

Anti Theft

Every Miimo can be protected with the use of a unique security code, which ensures it cannot be used by anyone else but you. It stops and sounds an alarm as soon as it is lifted and only restarts once your pin number has been accepted.

Slope capacity and uneven ground

Miimo is capable of cutting slopes of up to 25° with its high level of traction and grip. And thanks to its rapid reaction lift sensors, Miimo never gets stuck in a hole or uneven ground.

Adjustable cutting height

You can easily adjust the cutting height to suit your lawn, from 20 mm to 60 mm. It can be adjusted electronically through the smartphone app with the HRM 3000 or manually with the HRM 310/520.

Safety, our priority

Miimo is equipped with sensors which stop the blades instantly when it detects any lifting or tilting. The 360° bump sensors modify its direction if an obstacle is detected, so it is safe to use around children or pets.

*Available on HRM 3000 only.

Trust Miimo to take care of your lawn

The Miimo HRM 310 and 520 robotic lawnmower range is the innovative and easy way for you to keep your lawn in perfect condition all-year round, with minimal effort.

Miimo follows the layout of your garden, navigating between obstacles and mulching as it works to create a healthy, perfectly manicured lawn. It's electric motors which are quiet and reliable, allowing it to be set to cut your lawn at night without disturbing you or your neighbours.

Miimo is robust enough to work in any weather and safe to use around pets, thanks to sensors which detect any lifting motion and stop the blades instantly. In fact, Miimo is so clever it even knows when to recharge itself via its own docking station.

A powerful solution for a beautiful lawn

The Honda HRM 3000 brings a whole world of new innovation to your garden and takes away a lot of the effort keeping your lawn in perfect condition, giving you more time to do the things you love to do.

Miimo does all it can to make your life easier. It's waterproof, so it can cut your grass in any weather and you can clean it with a hose pipe. Should Miimo encounter a problem, you can easily send a trouble report via the app to a cloud support system which allows your dealer to check it remotely. Bluetooth™ connectivity comes as standard, with no additional components to be installed.

The app has been designed to allow you to change settings, cutting height, start / stop or even drive Miimo by remote control. You can also access its monthly timer which allows you to stop Miimo cutting on a specific date. When it needs recharging it will automatically return to its docking station.

HRM 3000

New *Miimo*^{multi} for HRM 3000

The new Multi Miimo system by Honda enables teams of Miimo HRM 3000 robotic mowers to work together to manage large areas of grass. There are no limits to the number of mowers that can be used, and the system has been designed to be used in areas exceeding 4,000m² with a maximum boundary wire length of 1,000m.

Multi Miimo Box accessory enables Miimo to detect which stations are unoccupied

Miimo accessories

A wide range of accessories are available for the full Miimo range, to ensure your Miimo makes your life a little easier.

Miimo house

Miimo bag

If you need a little bit of extra assistance

Your Honda dealer can help you

A Honda Authorised Dealer can help you decide which Miimo suits your garden and upon purchase can install the docking station and boundary wire. Our dealers are highly skilled and have followed specific training to ensure trouble free operation and installation, whatever the profile of your garden.

Introduce Miimo to your garden online

Simulate Miimo cutting your lawn

Set Miimo to work in your garden with our clever Miimo lawn planner, which simulates Miimo navigating your own unique lawn. It allows you to select the area you want Miimo to cut, customise its set-up and even suggest the model that is best suited to your garden. Go to honda.co.uk/miimo, click on Lawn planner and follow the easy steps.

World of Honda Power Products

Our Power Product range now offers a choice between clean Honda 4-stroke engines and cutting-edge electric motors powered by our Universal Battery System. That's because we're committed to making our products as user-friendly, fuel-efficient and reliable as we can - all without compromising performance. So however you prefer to work, there's a Honda Power Product for you.

Power you rely on

Quiet, dependable and always ready to help, our comprehensive range of generators is trusted around the world. From equatorial jungles to research posts in the Arctic Circle, they provide versatile, powerful and reliable performance at a moment's notice. If you're looking for a backup power supply for your home or need assistance with outdoor activities, contact your local dealer and discover what our generators can do for you.

HONDA

AUTHORISED DEALER

**SALES
SERVICE
EXPERTISE**

You deserve complete confidence that you've made the right choice, long after you've made the purchase. That's why we appoint our Honda Authorised Dealers with as much care as we build into our products. Look for the seal of quality when you buy your Honda, or call **0345 200 8000**** and we'll find the closest to you.

Sales

Our Authorised Dealers not only feature a comprehensive display of Honda products to see and touch, but they know our product range inside-out. Every one follows an extensive Honda training programme with regular refresher courses – so you can trust in their valuable advice and experience to help you choose the product that's just right for you and your needs.

Service

As well as offering the highest levels of after-sales service, our Authorised Dealers' factory-trained technicians perform a full Pre-Delivery Inspection (PDI) on every machine, and are fully equipped to keep your product in peak condition with cost-effective servicing. Of course, you can also be assured that only high quality, genuine Honda parts are used, with access to our 24hr parts delivery service for fast and efficient turnaround.

Expertise

Our Authorised Dealers are true experts in their field, often with years of first-hand experience under their belt. In fact, their knowledge and experience plays an important role in making sure that our Research and Development team is given feedback from our customers, so we can ensure that new and improved models continue to meet your future needs too.

Unrivalled quality, for peace of mind

There's a simple reason why you'll see so many old Honda products still in use. **Ours are built better, to last longer.**

That's not just an idle promise. It's fact. Our enviable reputation for durability and reliability is supported by our cast iron warranty, covering both parts and labour.

Our warranty maintains the same value throughout its lifetime too – meaning the last day of cover is exactly the same as the first: solid and dependable.
