

HONDA

The Honda 4XC Design Range

BY *Ranieri*®
INTERNATIONAL

The perfect balance of performance and design.

Our collaboration with Cantieri Ranieri International, leaders in pleasure boat building for over 50 years, has created a new range of craft that offer world class, reliable power with impeccable stylish design and build quality.

The 4XC Design range includes 3 Open and 3 Sundeck boats, ready to be equipped with Honda engines from the BF40 to the BF250. The renewed V6 engines offer a powerful, efficient and reliable experience; developed to achieve the maximum, even in extreme conditions. Complying with NMEA2000® connectivity standards, they boast exclusive BLAST™ technology and PGM-FI electronic injection for immediate acceleration with more torque even at low speeds, but with low fuel consumption thanks to the innovative ECOmo system.

So, whether you are new to pleasure boating, or very experienced and looking for your next upgrade, the Honda 4XC Design Range by Ranieri offers a variety of different set-ups that will allow your chosen boat to fit your needs perfectly.

These specification details do not apply to any particular product which is supplied or offered for sale. The manufacturer reserves the right to vary their specification, including colours, with or without notice at such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult the Dealer with whom your order is placed for details of the specification of any particular product. This publication shall not constitute in any circumstances whatsoever an offer by the Company to any person. All sales are made by the Distributor or Dealer concerned subject to and with the benefit of the standard Conditions of Sale and Warranty given by the Distributor. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification, price or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised.

Honda sources paper responsibly from manufacturers within the EU.
