The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute - under any circumstances whatsoever - an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, the weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You decide if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you do so entirely in reliance on your own skill and judgement and not on that of anyone else.

ENDURO

CHAMPIONSHIP DOMINATORS

The pedigree of our offroad machines has been proven once again with the success of our CRF motocross and enduro machines and the Montesa Cota 4RT in trials.

ADRENALINE TEST RIDE

Leave behind the daily grind and experience more from your riding. Our range of Riding Centres offer expert tuition from experienced Honda instructors on Super Sport, Adventure and Off Road bikes as well as the chance to test ride bikes from across the Honda range.
