*When long-distance motorcycling  
became a reality*

*Honda's Gold Wing is one of the most iconic names in biking history. Revealed back in 1975, the Gold Wing became through the years, synonym of long-distance motorcycling. The world's longest motorcycle ride, spanning 10 years, 279 countries and a total distance of 457,000 miles (735,000 km) was achieved by an Argentinian rider on a 1980 Honda Gold Wing GL1100.*

*Source: Scotto, Emilio (2007), The Longest Ride: My Ten-Year 500,000 Mile Motorcycle Journey, MotorBooks/MBI Publishing Company, ISBN 9780760326329*

*At the beginning, the Gold Wing was powered by a liquid-cooled-flat-four engine with a 999cc displacement.*

## *What's not to love with the V4?*

*The love story between Honda and the V4 4-Stroke DOHC engines started more than 40 years ago. Designed to challenge the 2 strokes dominating the Road Racing World Championship, the NR500 started the lineage of Honda bikes sharing the DNA rooted in the VFR800F: the unique flexibility, smoothness and purity of output provided by a V4 engine*

# DREAMS REALLY DO COME TRUE

---

Soichiro Honda said,  
‘We only have one future, and it will be made of  
our dreams, if we have the courage to challenge  
convention.’

Honda’s philosophy in dreaming of a better world for  
people catalysed the invention of the ASIMO, HondaJet,  
NSX and the legendary Africa Twin. Dreams can be  
powerful, they push you to achieve more, to explore  
new ideas, new technologies and uncover  
new ways of solving problems.

It takes independent thinking and audacity to pursue  
dreams. It also takes passion and innovation to never  
allow the dream to die and to shape them into a reality  
for the modern day world.

All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

**RIDE WITH STYLE** Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.
